

Tips for a Successful EPPIIC Value Award Nomination

01

Be specific.

Avoid rewriting the prompt! Share situational details unique to your nominee. The more the better!

02

Make it relevant.

Relate your nomination to strategic plan goals, our mission, vision, student succes....

03

Cheat!

Challenge our screening committee! Let the nomination scoresheet summary guide your approach to writing your nomination.

04

Don't stop at one.

If you've seen nomination-worthy behavior from a different colleague for a separate value, submit another nomination form. You are not limited to one submission per year. Let your colleagues know they've been seen!

05

Be inclusive.

If you are nominating a team, please research names of the members to be sure everyone is recognized for their role in the EPPIIC activity!
