---

In some programs, through careful selection of elective courses, it is possible for a student to complete the requirements for a second major. Upon certification by each major department that requirements have been satisfied, both majors are recorded on the student's transcript. -

While it is possible for a student to satisfy the course requirements for two different degrees (e.g., B.A. and B.S.Ed.) simultaneously, only one degree will be awarded. The student chooses the degree to be awarded. A student who is progressing toward, or holds a bachelor's degree, will not be awarded an associate degree in the same discipline.
