Dept. of Art & Design • BFA PORTFOLIO REVIEW - Evaluation Sheet

It is appropriate to continue in the BFA program if 70% of your review falls within the "highly evident" or "somewhat evident" categories.

ART MAKING PROCESS (THINKING) Evidence: Portfolio of sketches, journals, work in progress BODY OF WORK (DOING) Evidence: Pormal portfolio, completed work Evidence: Formal portfolio, completed work Evidence: Formal portfolio, completed work Defines problem and follows through with resolution Experiments with material use 4. Defines problem and follows through with resolution 5. Analyzes strengths and weakness in work 6. Works semi-independent of the instructor 7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	1 2 3 4 5 6 7 8 9	1 2 3 4 5 6 7 8	1 2 3 4 5 6 7
ART MAKING PROCESS (THINKING) 3. Experiments with material use 4. Defines problem and follows through with resolution 5. Analyzes strengths and weakness in work 6. Works semi-independent of the instructor 7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	3 4 5 6 7 8	3 4 5 6 7	3 4 5 6 7
CTHINKING 3. Experiments with material use 4. Defines problem and follows through with resolution 5. Analyzes strengths and weakness in work 6. Works semi-independent of the instructor 7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 1. Extremely well crafted 12. Substantial body of work 1. Extremely well crafted 12. Substantial body of work 1. Every technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 15. Description 18. Discusses materials used in process	4 5 6 7 8	4 5 6 7	4 5 6 7
Evidence: Portfolio of sketches, journals, work in progress BODY OF WORK (DOING) Evidence: Formal portfolio, completed work Evidence: Formal portfolio, completed work 4. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1	5 6 7 8	5 6 7	5 6 7
Portfolio of sketches, journals, work in progress 6. Works semi-independent of the instructor 7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	6 7 8	6 7	6 7
7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	7 8	7	7
7. Recognize potential for process to enhance artwork or ideas 8. Strong evidence of knowledge of formal elements and principles of design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	8		
design 9. Innovative artwork 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1		8	
BODY OF WORK (DOING) 10. Shows strong creative problem solving skills 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process	9		
BODY OF WORK (DOING) 11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 19. Discusses materials used in process 10. Discusses materials used in process		9	9
11. Extremely well crafted 12. Substantial body of work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 14. Discusses materials used in process 15. Discusses materials us	10	10	10
Evidence: Formal portfolio, completed work 13. Clear understanding of materials used 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1	11	11	11
Formal portfolio, completed work 14. Very technically proficient/capable 15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1	12	12	12
15. Works through solution of problem semi-independent of instructor 16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1	13	13	13
16. Evidence that student is actively engaged in making art 17. Work demonstrates substantial personal investigation 18. Discusses materials used in process 1	14	14	14
17. Work demonstrates substantial personal investigation 1 18. Discusses materials used in process 1	15	15	15
18. Discusses materials used in process 1	16	16	16
	17	17	17
10 Despite and well at the left of the lef	18	18	18
CRITICAL VERBAL 19. Describes and analyze influences - cultural, political, historical, personal and popular, etc.	19	19	19
(TALKING) 20. Verbally articulates ideas and strengths and weaknesses of work 2	20	20	20
21. Able to articulate future direction in art making	21	21	21
Evidence: 22. Articulates goals for BFA program 23. Articulates goals for BFA program 24. Articulates goals for BFA program	22	22	22
10 ct one review, discussion,	23	23	23
24. Able to discuss the formal principles of design		24	24

Dept. of Art & Design • BFA PORTFOLIO REVIEW - Evaluation Sheet

It is appropriate to continue in the BFA program if 70% of your review falls within the "highly evident" or "somewhat evident" categories.

	HIGHLY EVIDENT	SOMEWHAT EVIDENT	NOT SUFFICIENTLY EVIDENT
ART MAKING PROCESS (THINKING) Evidence: Portfolio of sketches, Journals, work in progress	 Strong innovative thinking Strong creative content Experiments with material use Defines problem and follows through with resolution Analyzes strengths and weakness in work Works semi-independent of the instructor Recognize potential for process to enhance artwork or ideas Strong evidence of knowledge of formal elements and principles of design 	Somewhat innovative Limited creative content Limited experimentation with material usage Can define problem with limited follow-through to resolution Has some difficulty identifying strengths and weaknesses of work Limited ability to work independently Some recognition of potential for process to enhance artwork or ideas Some evidence of knowledge of elements and principles of design	 Minimal evidence of innovation Minimal evidence of creativity Minimal experimentation with materials Difficulty defining the problem and finding the resolution Difficulty defining strengths and weaknesses in work Lacks ability to work independently Difficulty seeing used o technique as content/form Minimal evidence of knowledge of elements and principles of design
BODY OF WORK (DOING) Evidence: Formal portfolio, completed work	 Innovative artwork Shows strong creative problem solving skills Extremely well crafted Substantial body of work Clear understanding of materials used Highly technically proficient/capable Works through solution of problem semindependent of instructor Evidence that student is actively engaged in making art Work demonstrates substantial personal investigation for the student/artist and popular, etc. 	 Artwork is somewhat innovative Shows some creative problem solving skills Somewhat well crafted Somewhat substantial body of work Some understanding of materials used Somewhat technically proficient/capable Works through solution of problem with frequent help of instructor Some evidence that student is actively engaged making art. Work demonstrates some personal investigation for the student/artist and popular, etc. 	 Artwork shows minimal innovation Little evidence of creative problem solving Poorly crafted Body of work is lacking Minimal understanding of materials used Minimally technically proficient/capable Can't work through solution without instructors help Insufficient evidence that the student is actively engaged in making art Work shows minimal evidence of personal investigation for the student/artist and popular, etc.
CRITICAL VERBAL RESPONSE (TALKING) Evidence: Portfolio Review, Discussion, Participation	 Easily discusses materials used in process Effortlessly describes and analyzes influences cultural, political, historical, personal and popular, etc. Verbally articulates ideas, strengths and weaknesses of work with great ease Able to easily articulate future direction in art making Clearly articulates goals for BFA program Easily interprets personal meaning of artwork Able to discuss the formal principles of design with great ease. 	Some difficulty discussing materials used in process Describes and analyzes influences - cultural, political, historical, personal and popular, etc. with some difficulty Verbally articulates ideas, strengths and weakness of work with some difficulty Able to articulate future direction in art making with some difficulty Articulates goals for BFA program with some difficulty Describes personal interpretation of work with some difficulty Discusses the formal principles of design with some difficulty	Great difficulty discussing materials used in process Describes and analyzes influences - cultural, political, historical, personal, etc. with great difficulty Verbally articulates ideas, strengths and weakness of work with great difficulty Limited ability to articulate future direction in art making Articulates goals for BFA program with great difficulty Describes personal interpretation of work with great difficulty Discusses the formal principles of design with great difficulty
