Fall 2017 Biology Colloquium Schedule

All colloquium events are on Wednesdays in Caputo 210. Invited faculty seminars are from 4:00-4:50pm. Co-op & Internship talks by MU students are from 5:00-5:50pm. For further information, please contact Dr. Brent Horton at brent.horton@millersville.edu.

30-Aug  **Co-op and Internship Talks**
5pm Millersville University Students

6-Sep  **Co-op and Internship Talks**
5pm Millersville University Students

13-Sep  **Understanding the drivers of behavioral phenotype, social networks, and demography in a lek-breeding bird.**
4pm Dr. Brandt Ryder, Smithsonian Conservation Biology Institute

20-Sep  **Wildlife conservation in the age of the genome: Applications of molecular genetics to ecology, conservation, and epidemiology.**
4pm William Miller, Pennsylvania State University Cooperative Research Unit

27-Sep  **An Introduction to Ophthalmology.**
4pm* Dr. Phelan Piehota, Ophthalmology Associates of York

4-Oct  **Pennsylvania wine: A history and a science.**
4pm Denise Gardner, Pennsylvania State University Extension

11-Oct  **Contamination of crime scenes by the activity of adult necrophagous flies.**
4pm Dr. David Rivers, Loyola University Maryland

18-Oct  **The use of plants in medicine: organizing principles and examples.**
4pm Dr. Kenneth Klemow, Wilkes University

25-Oct  Open

1-Nov  **Sources of microplastic contamination to Lake Michigan and interactions with aquatic biota.**
4pm Dr. Rachel McNeish, Loyola University Chicago

8-Nov  **We were never individuals: Symbiosis and the restructuring of biology.**
4pm Dr. Scott Gilbert, Swarthmore College

15-Nov  Open

22-Nov  Thanksgiving Break - No Colloquium

29-Nov  Open

6-Dec  **Co-op and Internship Talks**
5pm Millersville University Students

13-Dec  Finals Week - No Colloquium
