**FIELD SPECIALIST:** Six (6) Temporary, Full-time Positions. Pay: \$1990/mo stipend, \$5775 ed award. Dates: 1/3/17-12/15/17.

**Location:** Conservation Corps Minnesota & Iowa, Various, Minnesota and Iowa.

**Qual:** Looking to build your field skills and get leadership experience? Apply to be a Field Specialist! The AmeriCorps Field Specialist (ages 18-25) provides training, education and leadership to corpsmembers, ensuring projects are done in an efficient, safe and consistent manner. The Specialist maintains equipment, conducts repairs, and assists with habitat restoration projects such as trail building, carpentry, wild land firefighting and prescribed burning. Around 85% of the Field Specialist's time is spent in the field providing training and support to crews. **JOB DETAILS:** -- Locations; ---- Minnesota: Brainerd, Moose Lake or Grand Rapids (TBD), New Ulm, Altura (Whitewater State Park), Rochester ---- Iowa: Ames -- AmeriCorps service position (ages 18-25 preferred) -- Term dates: January 3 – December 21, 2017 -- Schedule: Full-time, Monday-Thursday, 10 hrs/day -- Stipend: \$1990/mo -- Education award:

\$5775 upon successful completion of term. -- Working knowledge of conservation project management from a variety of disciplines. -- Experience with hand and power tools, tree felling and chainsaw operations, construction and mechanical skills, prescribed burning and wildland firefighting. -- Previous experience in a leadership role, including coordinating and implementing trainings. -- Effective communication skills. **REQUIREMENTS:** -- Current First Aid/CPR certificate. -- Valid driver's license and safe driving record (no major moving violations or DUIs in the past five years). -- Flexible schedule to accommodate week-long out-of-town projects and emergency response. -- Ability to perform the Essential Service Functions 40 hours per week, including long (10 hr) days of physically demanding outdoor work. -- Full term of service must be completed in order to receive the education award. **PERKS:** -- Learn valuable job and leadership skills applicable to any career -- Earn an AmeriCorps education award for school expenses or to pay off qualified student loans -- Learn about current environmental issues and network with natural resource professionals -- Get field experience and gain natural resource management skills. For more details and a complete list of location-specific qualifications and requirements, please visit our application page.

**Duties:** -- Coordinate between field crews and project hosts. -- Provide educational, technical and safety training for district corpsmembers. Trainings may include chainsaw/brush saw safety and use, hand tool safety and use, equipment maintenance, defensive driving and tree and plant identification. -- Ensure all corpsmembers are familiar with safety practices and precautions. Develop emergency response plans, conduct safety site inspections and shop safety audits.

**Appl:** Apply online at [www.conservationcorps.org/apply](http://www.conservationcorps.org/apply)

**Contact:** Conservation Corps Minnesota & Iowa, Kellie Lager, 60 Plato Blvd E, Saint Paul, MN 55107. Ph: 651-209-9900, Email: [recruit@conservationcorps.org](mailto:recruit@conservationcorps.org), Website: <http://www.conservationcorps.org>.

**Filing Date:** 10/14/16.

**ECOSYSTEM SERVICES/STEWARDSHIP/RECREATION INTERN:** A Temporary, Full-time Position. Pay: \$20.00/hour. Dates: Start: August 22, 2016.

**Location:** Colorado State Land Board, Denver, Colorado.

**Qual:** Assist in development of ecosystem service projects, including assessment of property for stream, wetland and wildlife mitigation banks. Use ArcGIS and Excel to determine quality of stream, wetland and wildlife habitat. Assist with field inspections, inventories, and compliance checks on state trust land with existing or possible recreation use. Develop forms to assist with monitoring of guides and outfitters. Assist clean-up of outdated forms and documents. Duties may include travel outside of the Denver area, with occasional trips to remote regions of the State. Some overnight or weekend trips may be necessary. **EXPERIENCE AND SKILLS:** Natural Resources Management, Resource Recreation Management, Wildlife Science, Botany, Stream morphology, Geography, GIS (Geographic Information Systems) ArcMap, Knowledge of Word and Excel.

**Duties:** **ECOSYSTEM SERVICES-** 1. Organize data collected from field biologists related to greater sage grouse habitat. 2. Run ArcInfo and Excel-based GIS model to estimate offsite impacts of anthropomorphic features and functional quality of greater sage grouse habitat, wetlands and streams. 3. Gather and synthesize biological and other natural values information from baseline inventory reports, and staff, public agency, and public comments. 4. Collect vegetation data on state trust lands in greater sage grouse habitat and riparian and wetland areas. **STEWARDSHIP-** 1. Participate in field visits to state trust land properties throughout Colorado to assess the condition of natural resources in a wide variety of ecosystems, particularly wetlands, riparian areas and sage shrublands. 2. Contribute to Stewardship Action Plans outlining management directives and practices for the functional enhancement of streams, wetlands and wildlife habitat. 3. Prepare short management plans (2-3 pages) for Stewardship Trust properties consisting of identification of the natural values for which the property was designated into the Stewardship Trust and recommended and/or required best management practices to protect and/or enhance those natural values. **RECREATION PROGRAM-** 1. Assist with on-going maintenance and updates to agency's recreation lease records. 2. Conduct field visits and inspections on Public Access

Program properties. Make recommendations to parcel enrollment based on site constraints and or access issues. 3. Assist with field inventories of recreation opportunities on state trust land parcels, and prepare assessment forms to document information.

**Appl:** Send Cover Letter, Resume and 3 references.

**Contact:** Colorado State Land Board, Mindy Gottsegen, Conservation Services Manager, 1127 Sherman St. Suite 300, Denver, CO 80203. Ph: 303-866-3454 ext. 3318, Email: mindy.gottsegen@state.co.us, Website: [www.colorado.gov/statelandboard](http://www.colorado.gov/statelandboard).

**Filing Date:** 11/30/16.

## FISHERIES

**MARINE RESERVES RESEARCH PROJECT LEADER:** A Permanent, Full-time Position. Pay: \$4,033-\$5,888/mo. Generous benefits package.

**Location:** Oregon Department of Fish and Wildlife, Newport, Oregon.

**Qual:** Requires three years of biological experience with one year of experience at a technical or professional level performing activities in a fish or wildlife program such as researching and analyzing data, conducting investigations, applying pertinent laws and regulations, or coordinating and monitoring project activities; and a Bachelor's degree in Marine Science, Fisheries or Wildlife Science or a closely-related Bachelor's degree or three additional years of biological experience. A Master's or Doctorate degree will substitute for some experience.

**Duties:** Located in Newport, ensure that marine reserves monitoring and research mandates and expectations are met. This is a complex, multidisciplinary research effort with numerous monitoring and research projects conducted simultaneously with other department staff and scientists, contractors, and external research partners.

**Contact:** Apply online at: [www.dfw.state.or.us/hr](http://www.dfw.state.or.us/hr)
