Records of the Salem Witch-Hunt
by Bernard Rosenthal '55

This book represents a comprehensive record of all legal
documents pertaining to the Salem witch trials, in
chronological order. Numerous manuscripts, as well as
records published in earlier books that were overlooked in
other editions, offer a comprehensive narrative account of
the events of 1692-3, with supplementary materials
stretching as far as the mid-18th century.

The book can be used as a reference book or read as an
unfolding narrative. All legal records are newly
transcribed, and included in this edition is a historical
introduction, a legal introduction, and a linguistic
introduction. Manuscripts are accompanied by notes that,
in many cases, identify the person who wrote the record.
This has never been attempted, and much is revealed by
seeing who wrote what, when.
