Graduate Assistants

• Cabinet approves a central complement of graduate assistants
  ▪ Based on history
  ▪ Allocated by area
• The Office of Graduate and Professional Studies appoints all GA positions
  ▪ Two year appointments
  ▪ Includes stipend and tuition waiver
  ▪ Can hire full-time or part-time
• Adding positions requires approval by Cabinet
• Temporary positions can be created by any department provided the position can be funded by the department operating budget for the entire two year commitment
Peripheral Budgets

These budgets should be reviewed at the same time as discretionary and student wage budgets.
Year End Procedures

• It is recommended that all departments review all relative cost centers beginning in early May for budget availability and open commitments.

• If any of your budgets/cost centers have a deficit balance, it must be resolved before year end close.
Year End Procedures - continued

• As part of the year end close process, carry forward balances will be determined. Generally, the following are directly carried forward:
  ▪ Most independent operations budget balances
  ▪ Funds remaining in a gift or grant

• Discretionary budget balances will be carried forward to the appropriate Vice President or Dean for reallocation

• Carry forwards will be posted by September
Year End Procedures - continued

• SAP sends automatic alerts notifying the user of the funds center if funds are nearly exhausted
  ▪ The notice provides the amount remaining, the specific funds center and the account
  ▪ This is only a warning and you can still proceed
  ▪ Only a “red bomb” warning will prohibit you from proceeding with a transaction.
