

MEMO TO: University Community
FROM: Dr. Vilas Prabhu, Provost
DATE: May 2, 2011
SUBJECT: Class Schedules and Enrollments in Classes for 2011-12 Academic Year

Millersville University is making every effort to ensure that students are able to make normal progress towards fulfilling their academic goals. As the University continues to address the evolving budget situation, Academic Affairs is carefully monitoring class schedules and enrollments in classes for the 2011-2012 academic year. The provost, deans and department chairs are working closely with faculty and staff to ensure that students are able to enroll in classes they need to make necessary progress towards degree completion.

If a needed class is closed, students are encouraged to put their names on the class wait list and work with their academic advisors and department chairpersons to find alternate classes in order to make normal progress. Financial aid and student loan issues should be promptly addressed with the Financial Aid Office. Help is available if you seek it!
