Program accepted waste: All brands of instrument strings and clippings from any string instrument.
TerraCycle Reward: Once collected, the metal and nylon strings are separated by type and the metal is melted down and smelted into new metal alloys. The nylon is recycled into industrial plastic applications.

Cigarette Waste Recycling Program
Program accepted waste: Extinguished cigarettes, cigarette filters, loose tobacco pouches, outer plastic packaging, inner foil packaging, rolling paper, and ash.
Please note: We do not accept the paperboard packaging of a cigarette box. Instead, you may recycle this through your municipal recycling program.
Best practices for recycling: In order to recycle this waste stream properly, make sure the cigarettes are fully extinguished. Please do not dump your cigarette waste directly into the box you plan to ship them in. Additionally, do not use paper bags to collect your waste. Instead, collect cigarette waste using sturdy plastic containers or bags. You must also ensure that your shipment is completely dry. We cannot ship dripping packages.
TerraCycle Reward: The greatest reward is a clean planet! This collection program does divert the waste but does not provide a charity payment. For every pound of cigarette waste collected, $1.00 will be donated towards the Keep America Beautiful Cigarette Litter Prevention Program.
