## Marauder Spirit Award

**Skullonious "Skully" D. Byrd  
Public Relations**

My goal is to promote positive student and community interactions throughout Millersville. I hope to one day be recognized as the best mascot in all of Lancaster County, and I hope that my energy and enthusiasm will make the college experience of all students a little bit better as they begin their academic careers. I am working toward my career goals by earning my degree in public relations at Millersville University, where I plan to graduate in 2011.

I am honored to receive the Marauder Spirit Award and I know that this award will help me on my way to becoming the best mascot. I am proud that this scholarship recognizes my enthusiasm and energy for all the things that Millersville University has to offer, especially Marauder athletics! This award will make it easier for me to finance my education and will support my interest in student affairs at Millersville.

When I'm not studying for my degree, I like to spend my time watching college athletics—the Millersville University Marauders are my favorite team! I also enjoy spending time with my best friend, the Marauder.

**Thank you,  
*Skully***

Because of the kindness and generosity of our scholarship donors, hundreds of Millersville University students are assisted in their academic studies. The University is delighted to provide you with this opportunity to hear from the students who have been touched by your generosity and giving.

**We appreciate your investment in our students and are truly touched by your kindness.**
