Because of the number of announcements, chairperson Eidam distributed them to each Senator at the meeting (see Appendix A).

Student Senate

Student Senate President J. Haugh reported the gathering of all the SSHE student government officers held at MU April 16-17 was successful. He thanked President Caputo for attending a meeting with Burrows Hall students and he announced Dr. Caputo would attend the Student Senate's meeting April 21 in SMAC Room 49.

Administrative Officers

President J. Caputo described his participation in a Pennsylvania Senate Symposium on accessibility and accountability in higher education. He reported that accountability was the issue of most concern to the State Senators, especially the problem of students’ ability to graduate in four years. Dr. Caputo explained to the State Senators the variables in graduation including course scheduling, students' choices in course loads, and the effect of state budget cuts on the institution’s ability to offer courses. He noted that the culture of blaming the institution is not coincidental when the state cuts institutional funding.

Dr. Caputo announced negotiations for a $300,000 contribution to the Capital Campaign for the science building were nearing completion. He said, in his discussions with the State Senators earlier in the day, he pointed out that funding for building is a key to access to higher education.

Dr. Zubatsky, chair of the Commencement Committee, was then recognized by chairperson Eidam to report on plans for the May 14 commencement. Dr. Zubatsky praised chairperson Eidam for his faithful attendance at the committee’s meetings and acknowledged Senator R. Frerichs for his service as Chief Marshall.
