

Master of Science in Psychology (M.S.) Clinical Program

Degree (42 credits), Licensure (60 credits)
Major Sequence and Degree Requirements

I. Admission Requirements

Admission to the program is open to those applicants who possess baccalaureate degree from a regionally accredited four-year college or university. Applicants must submit supporting documents as required for general admission to a graduate program. Applicants to the Master of Science degree program in clinical psychology are required to have a minimum of 18 undergraduate credits in psychology. In addition to an official undergraduate transcript, minimum scores on the General Graduate Record Examination verbal (148), quantitative (147) and analytical writing (3.5) components, three recommendation forms, an autobiographical sketch indicating how the student's desire for advanced training in psychology/counseling developed, a group interview with the program staff, and a writing sample given during the interview form the basis for admission.

Application deadlines are February 1st for fall admission, June 1st on a space available basis for those who have missed January deadline (fall), October 1st for spring admission.
