Director's Corner

Where did '17-'18 go? It's been great getting to know you all over this past year. Thank you for all the ways you helped me adjust to my new position. Hope you have a great summer filled with adventures and some relaxation! Summer is also a time to possibly gain some experience in your chosen field and build your resume (e.g., volunteering, shadowing, internship, REU, employment) and possibly to make some progress on your thesis (depending on your year, you might choose a topic, work on your literature review, collect pilot data, etc.). As always, please contact me with any questions. I'm available most of this summer.

Best, Elizabeth A. Thyrum, Ph.D.
