

Millersville University

About Millersville University

Millersville University offers a world-class education—one where our students can make the most of their potential. Founded in 1855, today's Millersville University is one of the most highly regarded public universities in its region of the United States. There are approximately 8,000 students enrolled at Millersville University—representing close to 30 countries from around the world. Millersville University students choose from over 100 undergraduate and 50 graduate programs. Millersville students have two big advantages: the resources of a large university and the support of a caring, residential learning community.

2017 - 2018 Estimated Costs per academic year in USD.

Undergraduate

\$37,473 (30 credits)

Graduate

\$32,263 (18 credits)
