Millersville University
SEIZE THE OPPORTUNITY

Millersville University is committed to making its educational programs and facilities available to persons with disabilities; reflecting the expanding opportunities offered by institutions of higher education, businesses, government agencies, and corporations that are opening positions in many career fields to people with disabilities. Millersville University is committed to sharing society's responsibility to provide a campus climate and educational experiences that promote successful career options and increase life choices.

Office of Learning Services

*“Let us help
you find
success!”*

Millersville University
SEIZE THE OPPORTUNITY

Our Vision

The Office of Learning Services (OLS) promotes and encourages the unique learning styles of all Millersville University students through advocacy, assistive technology, collaboration, and direct services with the University community. Through excellence in service delivery, the Office of Learning Services fosters a climate that ensures student access and equity at Millersville University.
