Registering for Classes

IF YOU ARE A TRANSFER STUDENT

STEP 1: TRANSCRIPT EVALUATION

- You received a transfer credit evaluation when you were admitted. This will let you and your advisor know how your previous coursework will fit into your academic program here.
- Ensure that the Admissions Office receives your most recent course transcript (admissions@millersville.edu or Admissions Office, P.O. Box 1002, Millersville, PA 17551). Send an updated transcript at the end of the spring (and summer, if enrolled) semester.
- Check out the Transfer Equivalency website at mville.us/transfer-equivalency to see how the courses from your previous institution will transfer if the process has not been completed.
- If you have questions about your evaluation, you can contact Admissions at 717-871-4625 or speak to your chair/advisor.

STEP 2: PLACEMENT TESTS

MATH PLACEMENT

- If you did not complete a college-level math course at your previous institution, you will need to complete a Math Placement Test prior to registering for math and some science classes. The test can be taken during Transfer Student Orientation or by making arrangements with the math department at 717-871-7668.
- If you are unsure if you need to take a placement test, please consult the math department at 717-871-7668.

CHEMISTRY PLACEMENT

- This 30-minute test is required if you are or plan to be a biology, chemistry, physics, meteorology, geology, oceanography, earth science education, or general earth science major. Check the chemistry department website or contact the department at 717-871-4297 for information on the schedule for testing.

STEP 3: IF YOU'RE TRANSFERRING IN...

LESS THAN 18 CREDITS - WAIT FOR YOUR SCHEDULE

- If you are transferring in 18 or fewer credits, your schedule will be created for you based on your previous coursework, major and other factors. You will receive a questionnaire by Millersville email

requesting information to help us create your schedule.

- Once we receive your completed questionnaire, your schedule will be created and an email will be sent with instructions on how to view your schedule and to confirm that you've reviewed it.
- You are able to make adjustments to the schedule, but please be aware that you may be put into classes that are full. Be confident you are not interested in a class before you drop it because it may be difficult to reverse the decision.
- For information on making adjustments, see Step 4.

MORE THAN 18 CREDITS – MEET WITH YOUR DEPARTMENT CHAIR FOR ADVISING

- Incoming transfer students who have declared a major should contact their department chair (or their designee) for advisement and registration assistance. A list of department chairs is available at millersville.edu/advisement/transfer-resources. Any Undeclared/Exploratory transfer students should speak to the Office of Academic Advisement and Student Development at **717-871-5333**.
- Familiarize yourself with your degree audit (available in MAX).
- This report helps you understand what class requirements have been completed and what still needs to be taken for your major. Print a copy and bring it with you when you meet with your department chair, they can help you understand the report.
- If you haven't received your final credit evaluation, bring along copies of your unofficial transcripts from your past institutions to help determine overrides and prerequisites.

STEP 4: REGISTER FOR CLASSES

- Registration for classes begins in April for the fall semester and in November for the spring semester. Transfer students who have paid their deposits by the beginning of registration can register with our current students. Your registration appointment information and step-by-step instructions on how to register are available on the registrar's website at millersville.edu/registrar. Register for the classes you discussed in consultation with your department chair.
- If you paid your deposit after the opening of the registration window, you can register anytime after you have met with your department chair.
- If the class is full, you may add yourself to the wait list. Please note that you will be notified of an opening through your Millersville email. You can also sign up for MAX Mobile – the MAX mobile menu item in your MAX account can be set so that you receive a text message when your wait listed class becomes available.
- If you wish to take classes this summer at Millersville, you will need to contact the Registrar's Office at **717-871-5005** to have your MAX account adjusted to add summer classes.

ASSISTANCE THROUGHOUT THE PROCESS

- Recognizing that this is sometimes a confusing process, we encourage you to reach out to Academic Advisement and Student Development located in Lyle Hall, with any questions or concerns. Faculty and staff are available to help transfer students with academic advising questions, registration and transition assistance. Please contact them at transfer.advisor@millersville.edu, or call **717-871-5333** for assistance or an appointment. A Transfer

Resource web page has been developed to address many common transfer questions. You can find this information at millersville.edu/advisement/transfer-resources.

IF YOU ARE A NEW, FULL-TIME STUDENT

Check your Millersville University email account regularly. University email is the primary communication mode of the Registrars Office.

You have received, or will soon receive, a letter from the Registrars Office which includes:

- Instructions on how to activate and access your MyVille (University email) account.
- A request to report any courses taken at another college or university (including AP work) to them for scheduling purposes.
- Contact information if you have questions regarding your schedule, or if you desire to change your major.
- Instructions on how to view your schedule (when available).

As a new student, your first semester classes will be scheduled for you by the Registrars Office. An academic advisor will be assigned to you closer to the start of the semester. In the interim, general advisement questions can be directed to the department chair of your major, or the Department of Academic and Student Development. You will be permitted to adjust your schedule during the first week of classes. It is recommended that you review the online Registration Guide on the Registrar's Office website for important processes and details related to schedule changes.

PARKING REGULATIONS

You are permitted to park on Millersville Campus without displaying a parking sticker after 4 p.m. Monday through Friday. Weekend hours from 4 p.m. Friday to 7 a.m. the following Monday are also open parking hours on our campus.

Parking stickers are required to be displayed during weekdays (Monday through Friday) from 7 a.m. to 4 p.m. During these times you must have a valid MU parking sticker to park on campus.

GRACE PERIOD

The first week of classes and the week of finals are considered grace periods for displaying a valid parking sticker. During this time you may park on campus without a parking sticker. All other parking violations still apply.

PAYING FINES

The Parking Office does not accept credit/debit cards or cash to pay for parking tickets.

You must use the online ticket payment portal if you choose to use a credit card. You may pay for your parking tickets in person using a personal check or money order payable to "MU TRAFFIC FUND." Please have your ticket number(s) and vehicle license plate number available before you attempt to pay any parking ticket in person or online.

CHANGING STUDENT STATUS

If your status as a student changes from a commuting student to a residential student or vice versa, you must make sure the Registrar's Office has your correct information/status. If they do not have this correct information, you may not see the correct parking stickers available for purchase.

ZIPCAR SERVICE

Zipcar gives you the freedom to get off campus without the hassles of owning a car while also helping MU meet sustainability goals by reducing the need for personal vehicles and parking spots on campus. The convenient, self-service transportation option is available 24 hours a day, seven days a week for students ages 18 and older. Cars can be reserved for as little as an hour or for multiple days. MU members can join for \$15, with rates starting as low as \$7.50 per hour and \$69 per day. Gas, maintenance, insurance and up to 180 miles of driving per day are included in Zipcar rates. Learn more at zipcar.com/millersville.
