On 23 October 2007 at approximately 1:15 PM an anonymous report came to the University Police of a male engaging in suspicious and possibly alarming activity in the area of the Student Memorial Center. The original report indicated a white male, in his late 20's or early 30's, wearing a blue baseball hat, a blue plaid shirt, tan cargo pants, on a black bike, was riding around the building placing his finger and thumb in a manner to simulate a gun next to his head. University Police responded and searched the area with negative results.

Since the original report was received numerous contacts have been made with the University Police indicating the man entered the building and a computer lab, simulating a gun with his hand. Some reports have changed the race of the man to a black male; one report even indicated the unknown subject had a gun.
