Millersville University CENTER FOR ACADEMIC EXCELLENCE

Professional Development Sessions Fall 2016

Types of CAE Sessions

The Center for Academic Excellence offers many different types of programs throughout the academic year. We are always looking for new topic suggestions and presenters. Please contact Dr. Oliver Dreon, Director of the Center for Academic Excellence (oliver.dreon@millersville.edu) if you have any recommendations.

Brown Bag Discussions

The Center occasionally hosts an informal Brown Bag Discussion. Faculty are invited to join their colleagues in the McNairy Library and Learning Forum (or another location), bring a lunch, and participate in a discussion about a topic of interest. These discussions may focus on general topics such as curriculum approval processes, learner-centered teaching, or grant opportunities. The conversations at Brown Bag Discussions are informal, dynamic, and informative. This is a great way to meet new colleagues and learn about a variety of topics.

Instructional Technology Workshops & Sessions

The Instructional & Technology Support Team offers a large number of hands-on workshops throughout the academic year to help faculty members develop their skills and expertise with various online tools and resources. In addition to helping to promote these workshops, the Center for Academic Excellence offers new sessions to help faculty see how their colleagues in other Departments are using these tools and techniques. These application-oriented sessions are a great way to see how these important tools and resources can be used to enhance the teaching and learning process in many different settings.

Training Series: Assessment in D2L

Efficient Management begins with good design! Whether you are new to D2L or have been using it for your courses for awhile, these sessions are aimed at making sure you are getting the most out of what the system has to offer. Enabling the right options can save you time, decrease frustration for students and keep everyone focused on what's really important- the learning!

Monday Morning Mentors

Monday Morning Mentors are online sessions offered through the Teaching Professor. Monday Morning Mentors can be accessed Mondays at 10 AM but are available on demand for a week after the published date. Mentors can be accessed online at: http://9nl.pw/MUMentors but will require a password available through the CAE email distribution list (see below).

NEW! The Maraudership Professional Development Series

Through a partnership with The Office of Student Affairs and Enrollment Management, the CAE is excited to promote a series of professional development activities focused on student success on campus. The Maraudership Series focuses on four central themes: Foundations, Leadership, Diversity and Wellness.

Want to receive periodic updates on CAE happenings? Opt into the CAE email distribution list at: http://tinyurl.com/CAEemails
