Tools inside Virtual Classroom

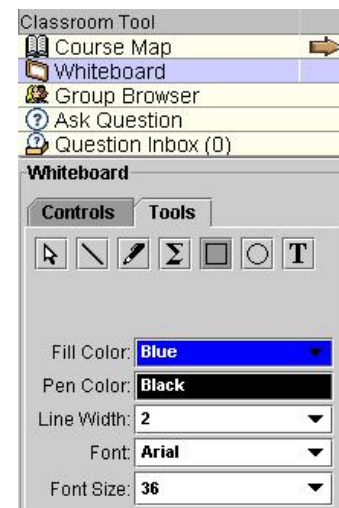

1.) Course Map

- The course map allows you to open a page inside the current Blackboard course. This can be used to reference work done inside the course.

2.) Whiteboard

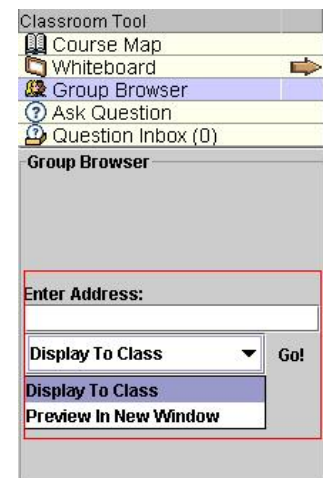

- Whiteboard can be used to draw illustrations, produce quick notes and write equations for everyone to see inside the Virtual Classroom.

3.) Group Browser

- The Group Browser allows a user to display a web page on the Whiteboard to the whole class.

-To display a web page type or paste in the URL to the "Enter Address:" box and select "Display To Class:" or "Preview in New Window"

4.) Ask Question

- The Ask Question feature allows a user to ask the instructor a question without putting the question inside the chat window.
- To ask a question simply, type your question in the box and click send.

5.) Chat

- Chat allows everyone inside the Virtual Classroom to communicate with each other at the same time.
- To use chat type your desired text in the compose area and click send.
- It is also possible to Private Message a particular person. You may do this by: Selecting the participant you wish to message and clicking "Private Message." Type the desired text in the new window and click "send".
