

Please choose three presentations (talk, poster, panel, art work, etc.) to analyze further. Answer the following questions either by interviewing the presenter or participating in a Q and A session.

1. Student: \_\_\_\_\_ Presentation: \_\_\_\_\_

What do you think are the most important aspects of the work you did for this presentation?

---

---

What were some of the major challenges you faced during the process of putting together this presentation?

---

---

-----

2. Student: \_\_\_\_\_ Presentation: \_\_\_\_\_

What motivated you to undertake this presentation? What were the main ideas/issues that you wanted to explore?

---

---

What surprised you most about this work?

---

---

-----

3. Student: \_\_\_\_\_ Presentation: \_\_\_\_\_

What aspects of your education at Millersville helped you most in this process?

---

---

What skills did you need in order to undertake this presentation, and what additional skills did you have to learn during the process?

---

---

---

Please briefly discuss what you've learned by attending "Made in Millersville" this year. Specifically, how has attending "Made in Millersville" affected your knowledge base, as well as your interest in conducting scholarly and creative work?
