

POST-BACCALAUREATE CERTIFICATION PROGRAMS

Millersville University's Post-Baccalaureate certification programs are designed for students who already have a bachelor's degree and would like to be certified to teach in the state of Pennsylvania. It is not necessary to complete a second undergraduate degree in order to be certified!

By applying to the Post-Baccalaureate certification program, you can complete the courses you still need for certification without completing another degree. The Post-Baccalaureate certification program is meant to "fill the gaps" between your previous degree work and what requirements need to be completed in order to meet the Pennsylvania Department of Education (PDE) certification requirements.

It is possible to work on a master's degree and certification at the same time for certain master's programs. You should select both options on the Graduate Studies Application. Any courses that are required for both programs will count toward both.

Steps to Begin Your Post-Baccalaureate Certification Program:

1. Complete the graduate application selecting your preferred certification program.
2. Submit transcripts (a minimum GPA of 2.8 or higher is required).
3. Higher test scores are needed when the GPA is under 3.0.
4. After officially applying to the University, transcripts will be evaluated by the program coordinator. Transcripts are not evaluated prior to submission of application. Application processing times vary per program department.
5. Upon acceptance into the program, submit your response form to confirm your acceptance and begin the program.

Available Post-Baccalaureate Programs
