

FINANCIAL AID ACADEMIC PROGRESS POLICY

In order to receive federal and state student financial aid, a student must pass a prescribed number of **NEW CREDITS** each academic year. For federal student aid (also known as **Title IV aid**), this policy includes **all degree-seeking students**, regardless of receipt of federal aid. Federal student aid includes Federal Pell Grant, Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent (SMART) Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan, Federal Work-Study, Federal Stafford Loan, and Federal PLUS Loan. For state aid, this policy includes only those students who have been awarded a PA state grant.

A **NEW CREDIT** is defined as a credit for which the student has not previously passed with a grade of A, B, C, D, or pass.

Student's Enrollment Status (number of credits per semester a student is registered for at the end of the drop/add period)	Number of NEW credits that must be earned per semester to maintain financial aid eligibility	Number of NEW credits that must be earned per academic year to maintain financial aid eligibility

Undergraduate Half Time (6 – 8)	6	12
Undergraduate Less than Half Time (3 – 5)	3	6
Graduate Full Time (9 or more)	9	18
Graduate Half Time (6 – 8)	6	12

THE ABOVE CHART REFERS TO CREDITS DURING FALL/SPRING SEMESTERS ONLY

PLEASE NOTE: Credits taken during the summer session prior to the fall semester do NOT count in the credit requirements in the above chart. We only review students who receive federal or state financial aid during the summer sessions, so they will have a greater credit requirement. Please contact the Office of Financial Aid for additional information.

Failure to pass the prescribed number of **NEW CREDITS** during an academic year will result in the student losing his/her eligibility for financial aid. Neither courses in which students withdraw ('W' grade) nor receive an incomplete ('I' grade) will count as earned credits toward the required number of new credits. Those students enrolled in developmental courses should contact the Office of Financial Aid to determine how these courses are counted for the purpose of academic progress. Summer session courses taken prior to the academic year in review do **NOT** count toward the required number of new credits.

Students who are ineligible to receive aid due to academic progress will be notified by mail at the conclusion of the spring semester, after grades have been posted. Students will have the opportunity to appeal the decision based on extraordinary circumstances or he/she may make up the credits **without financial aid** during the winter and summer sessions.
