

Living at Millersville

Students are housed in double rooms in an air-conditioned dormitory. Instructors are housed on the same floor as camp participants and are always available for consultation, informal discussion or advice. Meals are taken in the dining hall, where camp participants are encouraged to sit together and converse informally in the target language.

Participants have access to the Millersville University Student Center which has game rooms, a TV lounge, internet access and a snack bar. With the exception of supervised field trips, all students who attend the camp are restricted to the Millersville University campus. Students are free to stroll or bicycle within the limits of the campus during their free time.

Past participants of this program have commented, "This camp has truly helped me improve my language skills in writing, speaking and comprehension," "The counselors were really helpful and understanding," and "This was my best summer yet." Attend our camp for a week filled with unforgettable experiences, new friendships, and a first glimpse of what it's like to live "on campus."

**FRENCH CAMP

SPANISH CAMP**

August 1–7, 2010

SEIZE THE OPPORTUNITY

Summer Language Camps

FRENCH • GERMAN • SPANISH

Students studying French, German, or Spanish can sharpen their skills in a way that is both fun and academic. A total language immersion experience is available without leaving the country. A week of language instruction, workshops and cultural activities are planned for the students while at Millersville University. The program is offered under the auspices of the Millersville University Foreign Language Department.

The summer instructors are certified high school language teachers. Often camp counselors are Millersville University upper-level undergraduate students who give participants modern role models to identify with. The foreign language is spoken at all official camp programs, including cultural and social events and meals. This kind of language immersion experience can boost speaking and comprehension skills quickly and is highly recommended for potential language majors or minors or students planning to study abroad.

Make this an unforgettable summer while improving your academic skills!

Registration Requirements

The French and Spanish programs are open to high school students 15-18 years old who have completed two years or more of secondary-school French or Spanish. The German program is open to students 13-17 years old who have some basic knowledge of the German language.

Enrollment is limited. Applications will be considered in the order received. Early registration is advised. Late registration may be accepted on a space-available basis.

All participants must be insured under a parent/guardian's medical plan. Proof of insurance is required.

Millersville University follows the regulations of ADA (America Disabilities Act) but does not provide individual services during summer programs. **Prior notification of disability is required.**

The Program

Students arrive Sunday afternoon between 2 p.m. and 4 p.m. and depart Saturday morning between 9 a.m. and 11 a.m. Each student is assigned to a class in his or her language level, which consists of ten students per instructor. Classes meet daily and include "Conversation and Culture" and "Development of Basic Language Skills." Students view videos, have access to language computer programs, do creative skits and may have the opportunity to visit some historic sites in Lancaster County. Participants are also introduced to the latest trends in their respective countries, that is, what teenagers in that country think is "cool". The University recreational facilities are available to camp participants during free time for activities such as swimming, tennis, basketball, volleyball, soccer and more.

At the end of the week participants and counselors attend a dress-up dinner, which is a traditional meal of the respective culture.
