SUBJ: **Notification of Minor Curricular Change(s)**

The following adjustments have been identified as minor curricular changes and have been approved by the appropriate School Dean.

Course	Curricular Change
NURS 315 – Scientific Advances in Health Care: An Integrated Perspective (P)	NURS 315 and 316 may ONLY satisfy the Perspectives requirement for Nursing majors. It may not satisfy the Nursing major electives block, effective Fall 2007.
NURS 316 – Women, Health and Health Care: Controversies and Dilemmas (P)	
Rationale: The department observes that these courses do not contain enough nursing theory to qualify as nursing electives.
