ACADEMIC MAJOR – UNDECIDED MAJOR STATUS**

Approved: October 1997
Reviewed: June 4, 2007
Deans' Council, Faculty Senate

Students may seek admission to Millersville without selecting a major. Special academic advisers are assigned to guide undecided students through the general education requirements and assist them in exploring potential majors through the Exploratory Program.

Students who qualify for admission to Millersville but do not meet admission criteria for a selected major are classified as undecided until they qualify for study in the major of their choice.

Students with at least 45 credits passed and in undecided status or changing to undecided status must either:

1. Declare and be accepted into a major, or
2. Complete a review of academic goals as follows: the student, in consultation with an assigned adviser, must propose and have approved by the adviser each semester, an academic plan of action which includes a realistic timeline for the completion of degree requirements. The approval form will indicate whether the student is waiting to get into a major and, if so, the reason for non-acceptance into that major. A copy will be filed in the Office of the Registrar.
- 3 A student may sign a statement which indicates awareness of the ramifications of remaining in an undecided status but may choose to continue to remain in that status.

Permission to register will be granted only if one of the above requirements is completed.
