Calling all Lifelong Learners!

Participants will learn from NASA educators and Chesapeake Bay Foundation staff about local citizen science initiatives that can inform researchers and scientists on weather, flora, fauna, land and water observations, and concerns.

The $30 registration fee includes three classroom sessions, one field activity, and CBF membership.

Contact Brenda at BSieglitz@cbf.org or 717-769-4141 if you need a fee waiver and/or would like to request transportation support.

- **February 1, 2024 from 3-5 p.m.** - Introductory Session with NASA Globe Observer Lifelong Learning Students: The Who & WHY
