REQUIREMENTS AND POLICIES FOR THE BS ALLIED HEALTH TECHNOLOGY MAJOR

A. Policies for Admission to the Major

1. New students (freshmen and transfers) must be admitted to the Allied Health Technology major by the Office of Admissions upon admission to the University.
2. Admission of Millersville University students to the Allied Health Technology major (from other departments or undeclared status) requires that the student is in satisfactory academic standing as described in the Undergraduate Catalog. Students who were dropped from an Allied Health Technology major also must satisfy the Allied Health Technology Retention in the Major criteria before being readmitted to an Allied Health Technology major.
3. Non-degree and continuing education students must be admitted to the Allied Health Technology major by the Office of Admissions.

B. Policies for Retention in the Major

1. University requirements for retention must be met.
2. Admission to the professional phase of the Respiratory Therapy program is competitive and not guaranteed. Allied Health Technology (ALHT) majors in the Respiratory Therapy option must earn a grade of B- (B minus) or higher in BIOL 100 and grades of C- (C minus) or higher in all other required Biology and required-related courses (BIOL 254, 255, 461; CHEM 103, 104; MATH 130; PHYS 131) and have a minimum GPA of 2.5 in these courses. Note: Students will need to earn a B- or better in several math/science courses to achieve this GPA. Students must also maintain an overall GPA of 2.0.
3. BS ALHT Respiratory Therapy students who meet the minimum math/science GPA of 2.5 can schedule an interview with the admission committee for the professional phase of the Respiratory Therapy program. The committee will assess students on her/his academic performance, letters of recommendation, communication skills, understanding of the profession, maturity, and potential to succeed in the professional phase of the program. Students who score poorly during her/his interview may be denied admission into the professional phase of the program even if they have met the minimum math/science GPA requirement. Students denied admission into the professional phase of the program will be advised on how she/he can strengthen her/his credentials for re-application the following year or how they can complete the degree requirements for an alternative program. If seats are available in the professional phase of the program, students who have not met the minimum math/science GPA may be interviewed and, if accepted, will be admitted on a probationary basis.
4. The BS ALHT Respiratory Therapy is a 2+2 year program. All of the above requirements must be satisfied before a student can begin the professional phase of the program, except for BIOL 352 which is completed during the professional phase.
5. Transfer students must meet all University requirements before she/he can begin the professional phase.
6. Any students failing to meet the above requirements will be dropped from the Allied Health Technology major.

C. Policies for Completion of the Major

1. Completion of all University curricular requirements, except for the Perspectives (P) course, which is waived.
2. ENGL 312, Technical Writing, is the recommended course for the Upper Level Writing Requirement under the General Education Curriculum Requirements.

D. Admission to the professional phase is competitive and is not guaranteed (see part B above).

Note to the student: *This form is provided as a guide. It is your responsibility to consult regularly with your advisor to be aware of changes and curriculum details which are not incorporated on this form.*
