 - New Business:
 - Post Season Coverage and Pay Scale – back to square one. Quiqs is no longer the chair of the committee and they have halted all progress he had made in working on the pay scale. The old paperwork is still in effect
 - Student Symposium – The board voted to postpone the scholarship indefinitely until we determine new education standards and how to make it fair
 - Robyn brought up what to do with the monetary contributions that CPRS and LVC had donated for the symposium. It was discussed to call both places to determine what they prefer (refund or postpone donation)
 - Symposium is planned to be every other year at this point.

- Jess Hoenich discussed the possibility of fundraising ideas for the future in order for the LL to take more ownership over the scholarship and symposium
 - Robyn suggested Sheetz coupon books
 - Quiqs suggested a Fun Run/5K
 - Any other ideas are more than welcomed. Please contact a board member if you have any ideas

 - Article 5.2 will be inducted into our bylaws
 - Jess Hoenich discussed proper travel equipment for the upcoming winter season. Jess Hess states that the traveling team should be responsible for bringing whatever cups/water bottles they prefer to use. It should not be the home team's responsibility to dispense water bottles.
