

How to View Certification Tests on file with the Certification Office through **NewMAX**:

- From your 'myVille' portal, select 'NewMAX' – this will take you into your MAX account.
 - You should see the heading 'Student Services' at the top. This is the MAX homepage.
- Click the 'Student Profile' link under Academics on the MAX homepage.

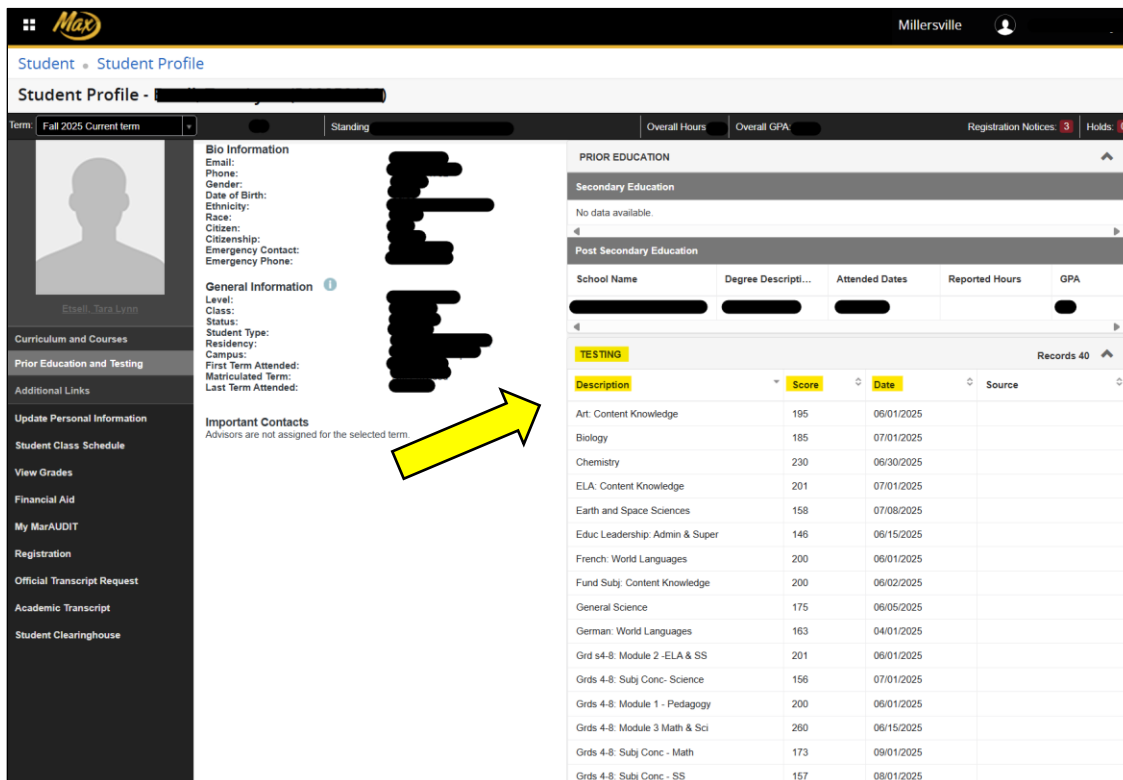

- Now you should be on the 'Student Profile' Screen
 - Click the 'Prior Education and Testing' tab on the left side of page.

- Official test scores on file with the Certification Office will reflect under the ‘Testing’ section.

Notes:

- Your highest test scores reported to Millersville University are reflected in this section.
 - If you have taken the test multiple times, **only the highest score will reflect.**
- Students receive their unofficial score report *before* MU receives official scores.
 - MU typically receives test scores a few weeks *after* the student (if the student reported the scores to MU).
- Test scores must be reported directly from the test vendor to be considered official.
- Only official test scores will reflect in this section. *Unofficial test scores are not reflected.*
- **Official test scores must be on file before recommendation to PDE can be made.**

Student Profile

Term: Fall 2025 Current term | Standing | Overall Hours | Overall GPA | Registration Notices: 3 | Holds: 0
