HONORS GRADUATES

Millersville University students are awarded honors in three categories: Departmental Honors, Honors College and University Honors. To qualify for Departmental Honors, a student must complete a thesis written under the supervision of a faculty member. In order to graduate from the University Honors College Program, a student must not only complete designated honors courses and a thesis, but also maintain a grade-point average of at least 3.35 in all honors coursework. Students graduate with University Honors by virtue of their grade-point average. Those who earn averages between 3.50 and 3.74 graduate *cum laude*; those who earn averages between 3.75 and 3.94 graduate *magna cum laude*; while those who earn averages between 3.95 and 4.0 graduate *summa cum laude*, the highest earned academic honor the University can bestow.

The Reverend Lewis Merwin Hobbs Medallion/Dr. Dominick '53 and Mrs. Helen DiNunzio Award

Seniors who are graduating *summa cum laude* receive this special medallion. The award has been made possible by a gift from Dr. Dominick '53 and Mrs. Helen DiNunzio.

SENIOR CLASS GIFT –

Cristian Velez, Class of 2022

Karina Morales, Class of 2022

There is a long-standing tradition of philanthropy at Millersville University. Since 1866, each graduating class has promoted the spirit of giving by providing students an opportunity to leave their legacy at the university they call home.

The Class of 2022 has embraced this philanthropic spirit by giving back to our alma mater through the programs, departments and teams that we love and which have had a positive impact on our Millersville experiences.

Millersville University
CAMPAIGN FOR STUDENTS

HONORARY DEGREE RECIPIENT

Thomas T. Baldrige

Thomas T. Baldrige is president and CEO of the Lancaster Chamber, an organization with over 1,400 members dedicated to creating business and community vitality. Baldrige has held this position since 2000. He received the designation of Certified Chamber Executive in 2008 from the American Chamber of Commerce Executives. In 2003 and 2013, the Lancaster Chamber was judged Chamber of the Year, by an organization of its peers, and in 2021 it was a national finalist.

Previously, Baldrige was president of the Lancaster City Alliance, an organization focused on the revitalization of the city of Lancaster. He also served as executive vice president and director of government and public affairs at the Lancaster Chamber, assistant director of communications for the Senate of Pennsylvania and scheduling coordinator for Governor Dick Thornburgh.

Baldrige earned a bachelor's degree from Ithaca College and has completed graduate courses at Elmira College.

Baldrige is a former chair of the board of directors of the Association of Chamber of Commerce Executives and currently serves on the boards of Lancaster General Health, Economic Development Company of Lancaster County, the Workforce Development Board, the City Reinvestment and Improvement Zone Authority, Lancasterhistory.org and Thaddeus Stevens College of Technology.

Silvia Vasquez-Lavado

Silvia Vasquez-Lavado is a 1996 graduate of Millersville University and an IIE/Fulbright scholar. In 2016, she became the first Peruvian woman to reach the summit of Mount Everest in Nepal. By 2018, she completed climbing 7 Summits (the tallest mountain on each continent), becoming the first openly gay woman to do so.

Vasquez-Lavado founded Courageous Girls, an organization to help survivors of sexual abuse and trafficking with opportunities to find their strength, courage and cultivate their voice. In addition, she is a fierce advocate for LGBTQ+ equality, women's rights and sexual abuse survivors.

As a technologist, Vásquez-Lavado has been recognized for her leadership and insights. She developed Centers of Excellence in India, focusing on being one of the first corporate teams to hire women. In 2015, CNET recognized Vasquez-Lavado as one of the most influential Latinos; and *Fortune* magazine named her one of the Corporate Heroes of all Fortune 500 companies.

Vasquez-Lavado's achievements led her to be recognized as an ambassador in Peru and a symbol of women's empowerment worldwide. In addition, she is a member of the prestigious Explorers Club, a sought-out public speaker and a passionate mentor.

Her critically acclaimed memoir, "In The Shadow of the Mountain," is being made into a movie starring pop superstar Selena Gomez.

While at Millersville, Vasquez-Lavado was an RA and president of the International Relations Club, now "Global Marauders," and an active member of the Society on Latino Affairs.

ABOUT THE UNIVERSITY

A Brief History of Millersville

Millersville has the distinction of being Pennsylvania's first state-owned university, founded in 1855 as a normal school. In the mid-19th century, normal schools were developed throughout the East as a way to train teachers for the country's fast-growing new public schools. In Lancaster County, James P. Wickersham was in charge of the public schools and was convinced of the need for training programs for teachers. He held his own program, a teacher's institute, in the little borough of Millersville. After its success, he then convinced the town fathers who had built the school to permit it to be used instead as a permanent normal school.

For the next 100 years, Millersville's purpose was to prepare teachers, and it did so with great success. Its reputation as an institution of excellence was established during the period when it was operating two-year and later four-year programs to prepare the individuals who taught the children of this Commonwealth.

Over the years, the school's name changed several times. Wickersham called it the Lancaster County Normal School. In 1859, when it was four years old, the school was officially recognized by the state legislature, and its name became The First Pennsylvania State Normal School. That lengthy title was gradually changed by usage to Millersville State Normal School. It was known by several other names before 1959, when the name was changed to Millersville State College, and soon to follow were a great many new four-year baccalaureate programs in the arts and sciences. Also added were master's degree programs, at first in teacher education and later in many other fields. On July 1, 1983, the college became Millersville University of Pennsylvania, and the 14 state-owned colleges became the State System of Higher Education.

Millersville University Today

During Millersville's evolution from a normal school to a university, its reputation as a good training ground for teachers has not diminished. Teacher certification programs are available across all schools in Special Education, Elementary and Early Childhood Education, a wide selection of Secondary Education programs, Technology and Engineering Education, Art Education and Music Education.

The College of Education and Human Services is home to the following departments: Educational Foundations; Early, Middle and Exceptional Education; Psychology; and Wellness and Sport Sciences, as well as the School of Social Work.

The College of Science and Technology is comprised of the following departments: Applied Engineering, Safety & Technology; Biology; Chemistry; Computer Science; Earth Sciences; Geography; Mathematics; Wehrheim School of Nursing and Physics. Offerings in the health fields include Respiratory Therapy; Medical Technology; Nuclear Medicine Technology; Pre-Athletic Training; Pre-Med; Pre-Optometry; Pre-Pharmacy and Pre-Podiatry.

The College of Arts, Humanities and Social Sciences is the home of the liberal arts disciplines in humanities and social sciences, including the departments of Art and Design; Communication and Theatre; Criminology, Sociology and Anthropology; Economics; English and World Languages; Government, Policy and Law; History; Language and Culture Studies; and Philosophy, as well as the Tell School of Music. The College also offers interdisciplinary programs in African-American Studies, Entrepreneurship, International Studies, Latina/o Studies, and Women's and Gender Studies.

Originally established in 2019, the **Lombardo College of Business** offers majors in Accounting, Business Administration, Finance, Management and Marketing. The College was officially named in 2020 in recognition of Dr. Samuel and Mrs. Dena Lombardo's generosity to both the College and University. This is the first named college in Millersville's 166-year history.

ACADEMIC SYMBOLISM

The College of Graduate Studies and Adult Learning was established in fall 2009 following 50 years of graduate program offerings. Today, Millersville offers more than 50 graduate degree and certification programs, and three doctoral programs that serve the needs of adult learners in our community and beyond.

The University's curriculum is continuously studied and adjusted to allow for the development of programs to meet the needs of students. Millersville University's **Multidisciplinary Studies (MDST)** major is an innovative and flexible program of study that allows students to tailor studies to meet their academic strengths and career goals with careful advisement.

The **University Honors College** challenges students of high academic promise by encouraging them to develop their intellectual potential through the completion of honors coursework and an honors thesis.

Integrated Studies is an individualized postsecondary education course of study for individuals with intellectual disability that leads to social and professional networks, careers and bright futures. Students receive support from trained personnel, including coaches, mentors, faculty and staff.

Millersville's excellent reputation extends beyond the classroom as well. It has outstanding athletic, intramural and recreational programs. It offers a wide range of cultural activities for both educational and entertainment purposes. The Winter Visual and Performing Arts Center houses the Tell School of Music and state-of-the-art facilities, including performance and recital halls, recording suites and piano labs. The Ware Center in downtown Lancaster offers space for academic studies as well as elegant performance areas and cultural events programs.

The 250-acre main campus is well-tended, and the park-like area around the campus pond is regarded as a special place by students where they can sit and enjoy the outdoors and watch the swans, Miller and S'Ville.

All of these factors contribute to a good deal of pride at Millersville University—pride that parents and friends of graduates rightfully share.

Academic ceremonies are steeped in centuries-old ritual. The elaborate trappings contribute to the pageantry and dignity of the occasion, and convey the continuity of academic tradition from medieval times to the present. Incorporating these traditions unites Millersville University with the community of scholars and institutions of higher learning.

The Academic Procession

The academic procession that begins and ends most academic ceremonies is a descendant of the clerical procession. Millersville University's procession, formed in ranks of two, is led by one of the most senior faculty carrying the University mace, followed by the candidates for degrees, the University faculty, the Council of Trustees and platform party, and the University president and guest speaker.

The Mace

The staff carried at the front of the academic procession is called a mace and represents the authority of the Office of the President.

The University Seal

Millersville University's seal, a gift of the Class of 1916, is worn on a gold chain by the University president.

Academic Attire

The academic regalia has always consisted of three parts: the gown, the hood and the cap. It has traditionally been worn at academic ceremonies as a record of the academic achievement of the participants. Its use originated in the Middle Ages, when all undergraduates were required to wear clerical robes, since students were expected to enter the ranks of the clergy. In this country, a color system was adopted in 1893 to identify the academic discipline in which the degree was earned. Some of the most frequently seen hood colors, and the field of learning represented by each, are white, arts and letters; light blue, education; dark blue, philosophy; golden yellow, science; copper, economics; scarlet, theology; and pink, music. The tassels for bachelor's and master's degrees are usually black, while the tassel of the doctorate cap is usually gold.

GREETINGS FROM THE ALUMNI ASSOCIATION PRESIDENT

Dear Graduate,

Today is a milestone moment that will forever resonate in your life. On behalf of the Millersville University Alumni Association, I congratulate you for the dedication and perseverance that advanced you to this day. I am honored to be the first to welcome you into this prestigious group of Marauders for Life.

The MU Alumni Association—founded in 1861 and 73,000 members strong—keeps alumni connected and engaged with their alma mater, no matter where in the world life takes them. I encourage you to bookmark the alumni website, villealumni.com, and follow our social media accounts to keep up with campus and alumni news. You will now have access to some great benefits and services created especially for MU alumni and can learn more about them on our website.

I invite you to join us at events and programs, including Homecoming weekend, MU After Work receptions, and other networking opportunities.

Please stay in touch and keep your contact information updated so we can let you know about all the great things happening with the MUAA! Let us know about your personal and professional accomplishments, including career advancements. We often feature these updates in our University magazine, the Millersville University Review.

We wish you, and your family and friends celebrating with you, sincere congratulations on this remarkable accomplishment.

Be a Marauder for Life!

THE ALMA MATER

Words by Esther E. Lenhardt Class of 1910 and
Sanders P. McComsey Class of 1917

Music arranged by
Melzer R. Porter

1. Mill- ers- ville, we sing to thee, Hymns of praise and loy- al- ty.
2. State- ly trees and cam- pus wide, We re- call with thoughts of pride,
3. Hon- or, fame and glo- ry bright, We in- her- it thru thy might.

Sons and daugh- ters staunch and bold, Fol- low 'neath the Black and Gold.
Rip- pling lake and i- vied walls, Mem'-ries of thy class- ic halls.
Scho- lar- ship thy first great aim, Proud- ly still up- hold thy name.

Here we fight for truth and right, Shield and buck- ler ev- er bright.
Forth we march to bring thee fame, Spir- its light and hearts a- flame,
Al- ma Ma- ter, we a- dore, Thy great spir- it ev- er- more.

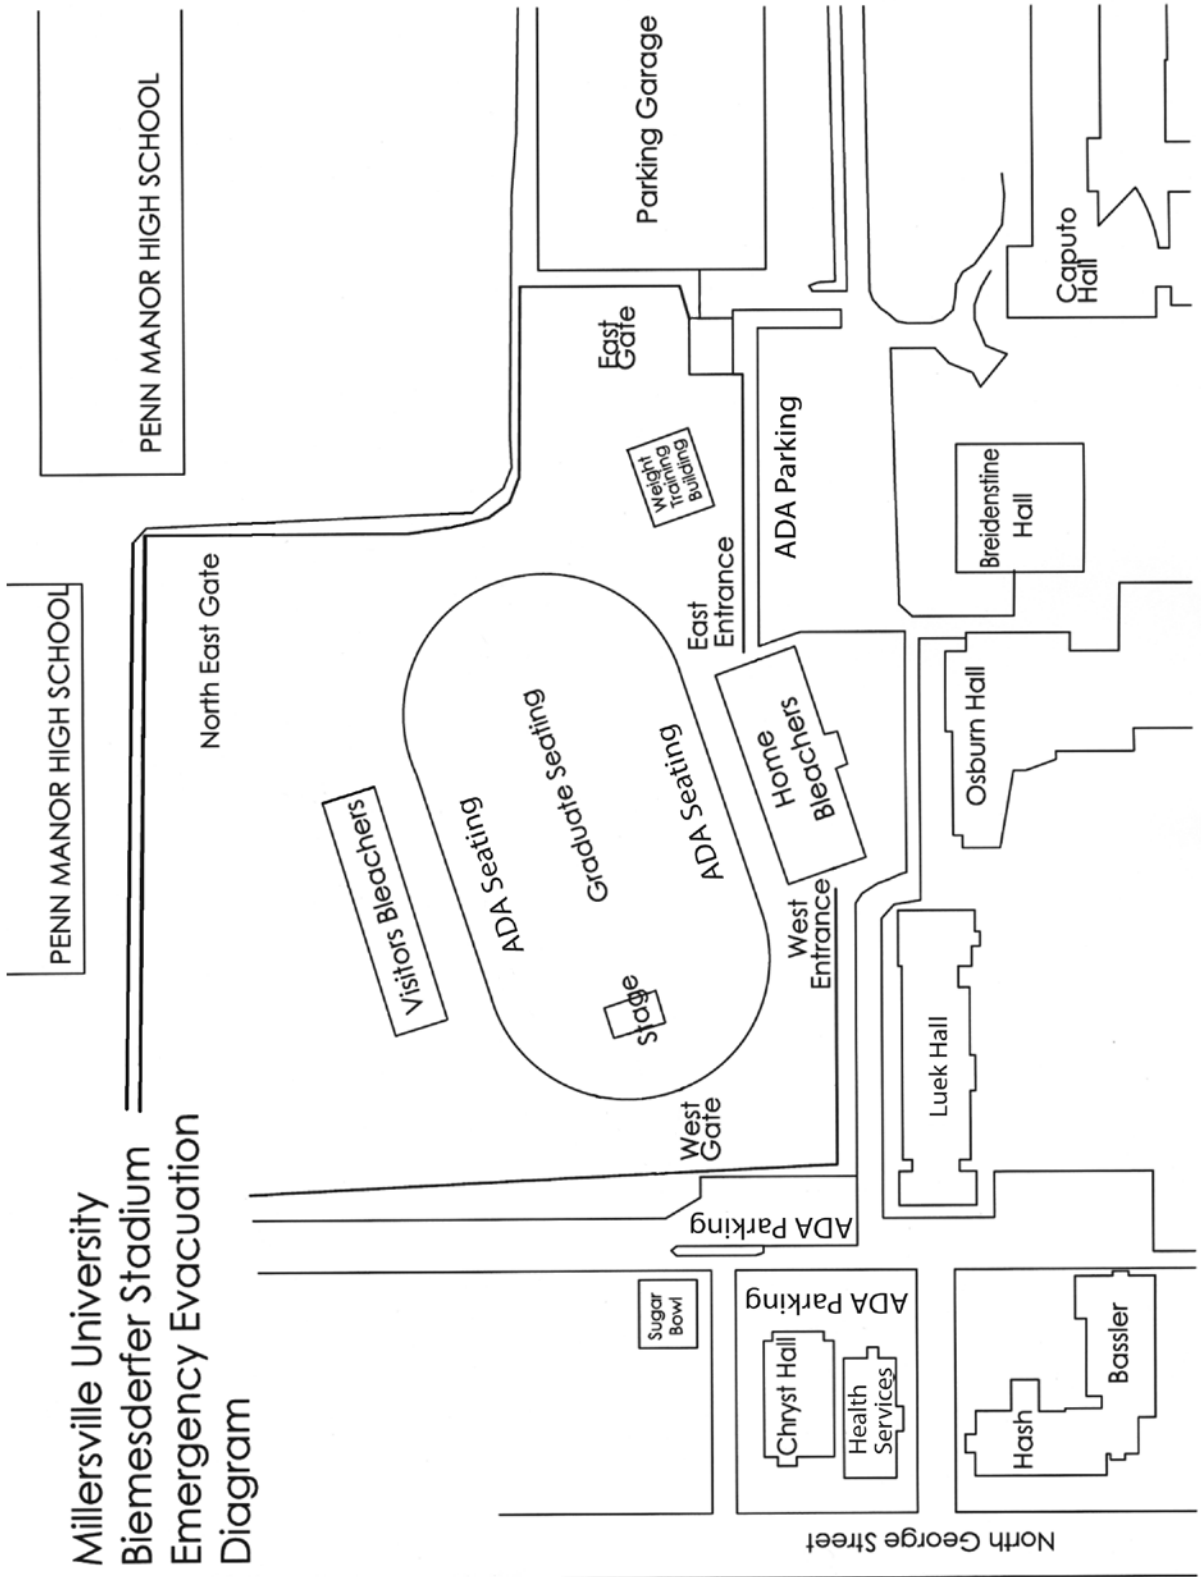

Rich in truth we'll ev- er be, Mill- ers- ville, we sing to thee.
Hope- ful, faith- ful, earn- est, true, Still thy stand- ards to pur- sue.
Gra- ti- tude and rev- 'rencemay, Mill- ers- ville, be thine for aye.

THE NATIONAL ANTHEM

O say, can you see, by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
O say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?
