Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans

### 6.1. Summarize any data-driven EPP-wide or programmatic modifications, innovations, or changes planned, worked on, or completed in the last academic year.

This is an opportunity to share targeted continuous improvement efforts your EPP is proud of. Focus on one to two major efforts the EPP made and the relationship among data examined, changes, progress with any Transition Plans (initial-licensure level) and/or Phase-in Plans (advanced level), and studying the results of those changes.

Millersville University, in collaboration with the Pennsylvania Department of Education have begun to phase in (at both the initial-licensure and advanced licensure program levels) Culturally Relevant and Sustaining Educator (CRSE) competency standards. These standards emphasize how Millersville's preservice, in-service, and leadership students can facilitate and foster equitable learning outcomes, craft holistic and safe learning environments, and prioritize diverse student populations. See: <https://crserepository.paeddiversity.org/>

With the implementation of these standards, across all programmatic levels, we hope to not only foster dynamic action in future educators, but use them to enhance recruitment and retention efforts for educators of color and other marginalized backgrounds.

**AR Reviewer Question 6. Has the EPP shared its continuous improvement initiatives, AND (if applicable) provided CAEP with an update regarding the EPP's progress on its advanced level phase-in plans and/or initial level transition plans?**
