

VIRTUAL WORKSHOP

AUGUST 18, 2021 9:00AM-12:00PM

## Developing Interpersonal Communication:

### Strategies and Tools for Encouraging Authentic Communication

Join MU, AWLE, and your colleagues to learn and share some favorite strategies and activities for the world language classroom. Workshops led by local high school teachers will include practical ideas and time for discussion and collaboration.

## SCHEDULE

Each session includes time for questions, collaboration, and sharing.

**9:00-9:15****Welcome and Introduction****9:15-10:20****Tech tools for interpersonal communication**

Teachers will learn and discuss various tools via Zoom, Schoology, Pear Deck, and Google that can help maintain interpersonal communication in person and online.

**10:20-10:30****Break****10:30-11:30****Authentic interpersonal communication**

Genuine communicative interactions require that listeners focus on the message content as a primary means to solve a problem or respond. Teachers will discover and discuss strategies and activities that assist learners to produce more authentic interactions.

**11:30-11:45****Question & Answer****11:45-12:00****Wrap-up and survey**

We hope you will join us for this **virtual professional development** opportunity.

These sessions will focus on encouraging our world language learners to communicate authentically across learning modes. Whether your students are in the classroom, attending class virtually, or studying independently online, you can give them the tools and prompts necessary to allow them to engage with you and each other in the target language.

# REGISTER HERE!

**Please forward this invitation to other language educators. All—current, retired, and future—world language teachers are welcome.**
