

# 2025-2026 ACTUAL Cost of Attendance (COA)

The Cost of Attendance (COA), also known as the Student Budget, is comprised of both direct costs (*those billed directly by the university*) and indirect costs (*possible costs incurred by a student while attending school, but not billed by the university*). This number is used by the school to determine the maximum amount of financial aid a student can receive for that award year.

Costs listed below are based on full-time enrollment for doctoral students (9 credits). For students living on campus, please note that actual room charges will vary depending on the student's room assignment.

\*\* **Amounts listed for Possible Other Educational Expenses are based on average expenses incurred by Millersville students and are not charged directly by the University.**  
Amounts listed in this category are included in the student's Total Cost of Attendance/Student Budget for financial aid processing only.

✦ **The estimated amount it costs to attend Millersville is not the Total Cost of Attendance, rather it is the Total Billable Charges listed under your anticipated housing plans.**  
To estimate the amount that you will owe for the academic year, subtract your total financial aid awards (see your Financial Aid Offer) from your Total Billable Charges (see above).

- If this calculation results in zero or in a negative number, you have enough financial aid to cover your charges for the academic year.
- If this calculation is a positive number and you need additional aid resources, please visit [millersville.edu/fa-options](http://millersville.edu/fa-options) for more information.
- To determine the amount due per semester, divide the yearly amount due by two.
