

2026-2027 ESTIMATED Cost of Attendance (COA)

The Cost of Attendance (COA), also known as the Student Budget, is comprised of both direct costs (*those billed directly by the university*) and indirect costs (*possible costs incurred by a student while attending school, but not billed by the university*). This number is used by the school to determine the maximum amount of financial aid a student can receive for that award year.

Costs listed below are based on full-time enrollment (6 credits) for graduate and post-baccalaureate certification programs. Actual *Tuition/Fee* charges are based on a student's per credit enrollment. For students living on-campus in a Residence Hall, please note that the *Housing* charges listed below are based on a standard double-suite. Actual *Housing* charges will vary depending on a student's room assignment.

- ** Commuter and off-campus students are not billed by the University for *Housing* charges; and are only billed by the university for *Food* if they choose to have a meal plan. - *** Amounts listed for *Possible Other Educational Expenses* are based on average expenses incurred by Millersville students and are not charged directly by the University. Amounts listed in this category are included in the student's *Total Cost of Attendance/Student Budget* for financial aid processing only.
- ✦ The estimated amount it costs to attend Millersville is not the *Total Cost of Attendance*, rather it is the *Total Billable Charges* listed under your anticipated housing plans. To estimate the amount that you will owe for the academic year, subtract your total financial aid awards (see your Financial Aid Offer) from your Total Billable Charges (see above).
 - If this calculation results in zero or in a negative number, you have enough financial aid to cover your charges for the academic year.
 - If this calculation is a positive number and you need additional aid resources, please visit millersville.edu/fa-options for more information.
 - To determine the amount due per semester, divide the yearly amount due by two.
