

# 2019-2020 **ACTUAL** Cost of Attendance (COA)

The Cost of Attendance (COA), also known as the Student Budget, is comprised of both direct costs (*those billed directly by the university*) and indirect costs (*possible costs incurred by a student while attending school, but not billed by the university*). This number is used by the school to determine the maximum amount of financial aid a student can receive for that award year.

Costs listed below are based on full-time enrollment (9 credits) for graduate and teacher certification students.

\* Your actual charges may vary depending on your room assignment & meal plan. Room rates can be found at [millersville.edu/housing](http://millersville.edu/housing). Board (Meal Plan) rates are available at <https://www.millersville.edu/dining>. Meal plan options are referred to as Declining Balance Marauder Dining Options on their website.

\*\* Commuter and off-campus students *are not* billed by the University for Room charges; and are only billed by the university for Board if they choose to have a meal plan. Amounts listed in those categories above are included in the student's Total Cost of Attendance for financial aid processing only.

\*\*\* Amounts listed for Possible Other Educational Expenses are based on average expenses incurred by Millersville students and are not charged directly by the University. Amounts listed in this category are included in the student's Total Cost of Attendance for financial aid processing only.

† The amount it costs to attend Millersville is *not* the total COA—it is the Total Billable Charges. To estimate the amount you will owe for the academic year, subtract your total financial aid awards (see your Financial Aid Award Statement) from your Total Billable Charges (see above).

- If this calculation results in a negative number, you have enough financial aid to cover your charges for the academic year.
- If this calculation is a positive number and you need additional aid resources, please visit the [Office of Financial Aid website](#).
- To determine the amount due per semester, divide the yearly amount due by two.
