Completing the FAFSA and common mistakes to avoid!

Before you complete the Free Application for Federal Student Aid (FAFSA) application, here are some important reminders and tips to help guide you through answering some of the FAFSA questions that many students entering the Post-Baccalaureate Program have difficulty answering. Not answering these FAFSA questions accurately may delay the processing of your financial aid.

Q: What degree or certificate will you be working on when you begin the school year?
A: Certificate or diploma (occupational, technical, or educational program of two or more years).

Q: What will your college grade level be when you begin the school year?
A: 5th year, Post Baccalaureate Certification, 2nd Degree

Q: At the beginning of the school year, will you be working on a master’s or doctorate program (such as an MA, MBA, MD, JD, PhD, EdD, graduate certificate, etc.)?
A: No

Q: Do I need to include parent information on my FAFSA?
A: There are specific dependency questions that a student must answer to determine if they are considered a Dependent or Independent student by the Department of Education. If you answer "no" to all questions, you MUST provide parental information on the FAFSA even if you no longer reside with your parents or they no longer provide your support. The federal government will still view you as a dependent student and parental information is required for all dependent students.

What kind of Financial Aid am I eligible for?

Post-Baccalaureate Certification Students are eligible for Federal Direct Loans each academic year. These are low-interest rate, guaranteed student loans from the Department of Education. To be eligible to receive Federal Direct Loans:

- You must be maintaining Satisfactory Academic Progress.

Important Reminders:

- If you are concurrently enrolled in both a Master’s Degree program and a Post-Baccalaureate Certificate program, contact the Office of Financial Aid to determine your eligibility.

**Students seeking a Post-Baccalaureate Certification are NOT eligible for any federal or state grants.**

What kind of Financial Aid am I eligible for?

Post-Baccalaureate Certification Students are eligible for Federal Direct Loans, which are low, fixed interest rate, guaranteed student loans from the Department of Education. In order to be eligible to receive Federal Direct Loans:

- You must complete the FAFSA Application.
- You must be enrolled for at least 6 credits in a degree-seeking program each term to qualify.
- You must be maintaining Satisfactory Academic Progress.
- You must not be in default of any other federal loan to qualify for federal aid.

What if I need more money to help pay for school?

Post-Baccalaureate students are not considered to be in an undergraduate or a master’s program for federal aid purposes; therefore, they do not qualify for the Federal Parent or Graduate PLUS Loans. However, if you need additional funding there are Private Education Loans you can apply for!

Private Loans, also known as Alternative loans, are educational loan programs established by private lenders to supplement the funding that students receive from federal resources. Private loans have different lending criteria than government lending programs. These loans are credit based and in the student’s name. The student may need to obtain a co-signer to qualify for the loan. Most Lenders offer both fixed and variable interest rates. The rates offered will be based on the individual’s credit. To view a list of private/alternative loan lenders, you can visit our website at: [www.millersville.edu/finaid/loans](http://www.millersville.edu/finaid/loans)
