Future Plans of 2010-2011 Millersville Undergraduate Graduates

The information for Millersville University's bachelor's degree recipients was collected in fall of 2010 and spring of 2011 by Planning, Assessment and Analysis, which administered an online survey to all seniors planning to graduate fall 2010 and spring 2011. Participating students were eligible to receive randomly-selected gift cards if they completed the survey by their respective commencement. In total, 41.5% (577) of Millersville's 2010-2011 graduating class completed the survey. The survey will be repeated each semester and results published annually in the VSA College Portrait.

What is MOST LIKELY to be your PRINCIPAL activity within six months of graduation?
