

SCHOLARSHIPS

Abigail
Wieder '25

HOMETOWN:
Bethlehem, PA

MAJOR:
Music Education

SCHOLARSHIPS:
Peter H. Freedman Endowed Scholarship

**POSITIVE IMPACT
OF SCHOLARSHIPS:**

"It has allowed me to feel comfortable with taking a step back from work to allow myself to have full focus on my studies, whereas before I would take on an overwhelming amount at once. With the support of scholarships, I've been able to have a more enjoyable learning experience that allows me to really have time to learn and comprehend the material I'm being taught, which in music is very important to get as much experience as possible."

ACADEMIC EXPERIENCE:

"The most valuable learning experiences I've had have been the ability to be surrounded in a music focused environment. Learning in an environment full of other students who share the same goals and aspirations has been a humbling experience, coming from a school where I was the only one going into the music field at all."

FUTURE PLANS:

"My ultimate career plan is to become a music teacher and to hopefully become an administrator in the future. As a music teacher, I want to be able to work specifically in low-income or troubled areas where the typical students do not have the same access or opportunities that students in other areas have. I want to be able to be a resource to help kids expand their musical horizons beyond what they think they can do and help them achieve all their goals."
