The Esther M. Kilheffer Endowment of
Earth Sciences

Honors College Scholarship

Paul and Caroline Beideman Honors
College Fellowship Endowment

PSECU Scholarship

UGI Utilities, Inc. Community Safety Scholarship

POSITIVE IMPACT OF SCHOLARSHIPS:

"It has given me more opportunities like being able to study abroad with some financial cushion or graduating early because I could afford to take a summer class with money saved during the semester. It has also boosted my confidence – I have spent a lot of hours applying for scholarships, and it is extremely rewarding to see the work pay off ... especially with the larger valued scholarships!

I can say that due to the combination of scholarships, I am graduating debt-free. This is a huge accomplishment that would not have been possible without the aid."

GLOBAL EDUCATION EXPERIENCE:

"While the country of Iceland was beautiful and all our excursions exciting, one of my favorite parts of this trip was exploring it with new people.... We traveled around the entire country in a 12-passenger van, staying in a different hostel every night... This study abroad trip is definitely for people who enjoy the outdoors, as we went on many hikes, a glacier boat, whale-watching boat ... horseback riding, and explored black sand beaches."

FUTURE PLANS:

"Within the next 10 years, I'd like to obtain my master's, move up within my department, maintain a healthy work/life balance ... and have a well-paying job in a work environment that I love and contribute to."
