Emergency Management)

MARAUDER ATHLETICS TEAM:
Men's Tennis

SCHOLARSHIPS:
MAK Athletic Scholarship Endowment
The Daniel G. Engle Scholarship Endowment
Athletic Scholarship (Men's Tennis)

POSITIVE IMPACT OF SCHOLARSHIPS:

"From a young age, I have taken pride in the work that I do in and out of the classroom. Receiving these scholarships helps to motivate me even more so to produce the best quality work that I complete and thus, allow me to have the best chance to succeed academically."

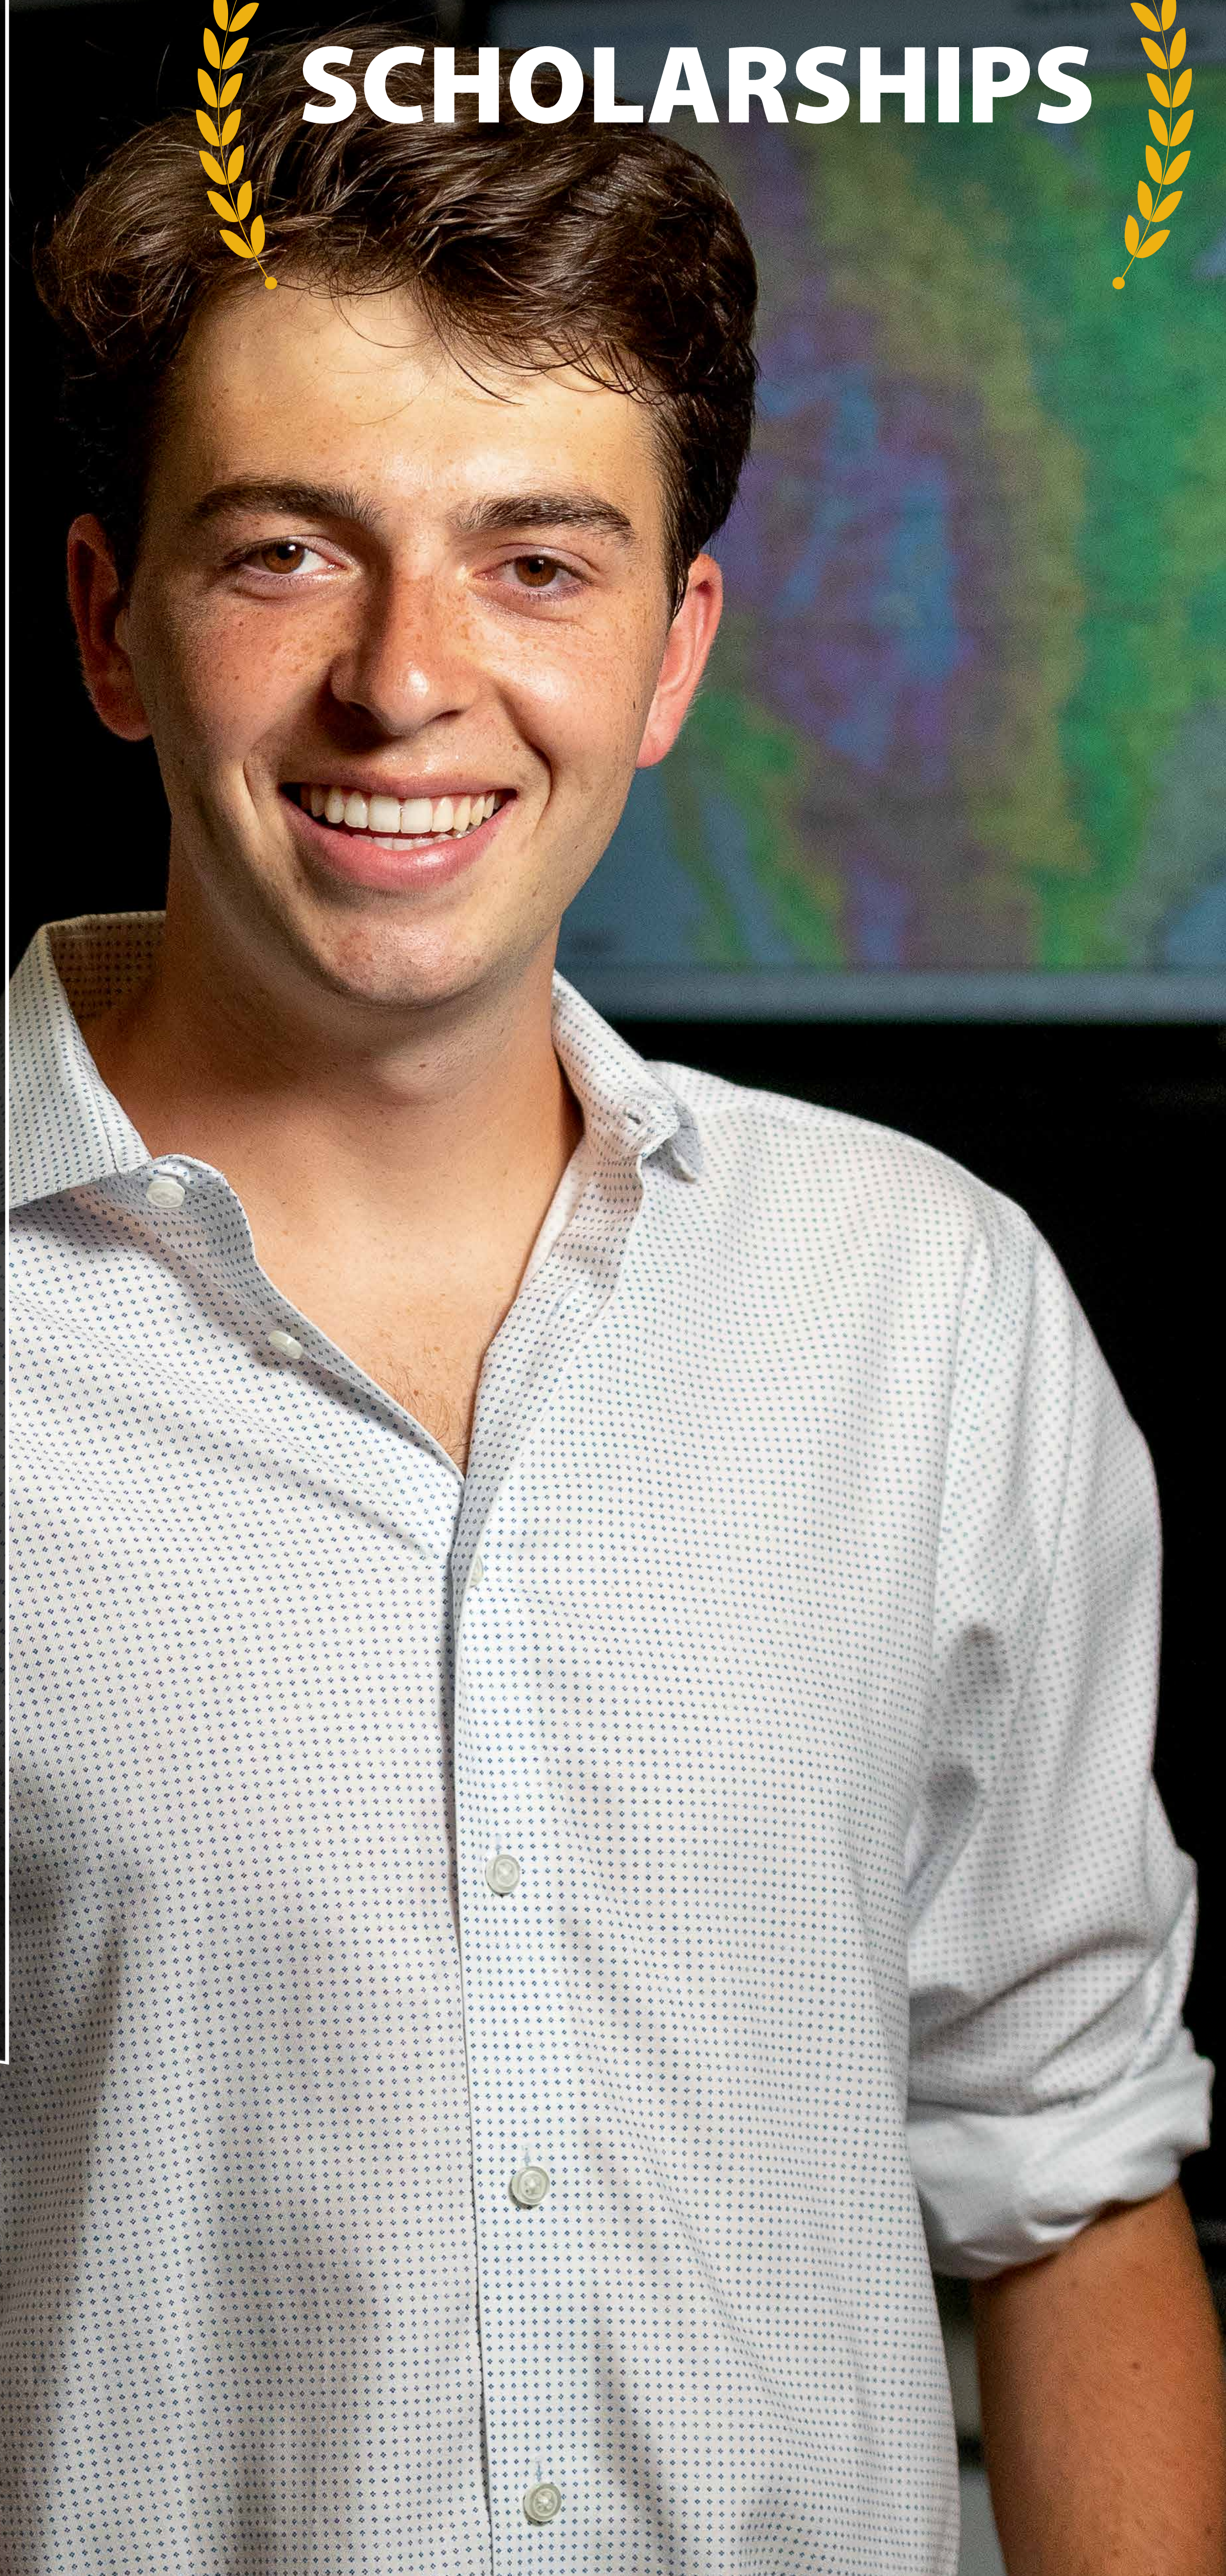

ACADEMIC SUCCESS:

"I have always had a passion and love for weather from the time I was a young child. Thus, after learning about Millersville's program that is nationally known and visiting it, I knew this University was the perfect fit for me."

FUTURE PLANS:

"In the next 10 years, I hope to both graduate from Millersville with an undergraduate degree and from another university with my doctorate. Moreover, my ultimate goal is to be able to keep the connections I have been able to have these past two years with my fellow peers and professors. I also hope to give back to the Millersville community, as they have provided me with so many opportunities I will forever be grateful for."
