### **POSITIVE IMPACT OF SCHOLARSHIPS:**

"From the perspective of an athlete, scholarships have functioned as motivation for me to continue to work hard at what I love in conjunction with furthering my education. The money has allowed me time that I would otherwise be working a job to practice and enjoy my college experience more thoroughly."

### **MARAUDER ATHLETICS TEAM EXPERIENCE:**

"My team has given me a strong foundation of support that I get to interact with every day. Being an athlete on top of the stress of classwork is an experience that is much better shared, and I am thankful for the excess of positivity within my team."

### **ATHLETIC ACCOMPLISHMENTS:**

"As a team, we have been the PSAC Outdoor Championship runner-up two years in a row. Individually, last season I was able to place in four different events, scoring points at the Indoor and Outdoor Championship meets."
