ESL/Linguistics

SCHOLARSHIPS:
Clarence Schock Foundation
Scholarship and Fellowship

Dorothy J. Patterson English Scholarship

Paul and Caroline Beideman Honors
College Fellowship Endowment

Women's Giving Circle Dorothy L. Connolly
Scholarship

POSITIVE IMPACT OF SCHOLARSHIPS:

"Scholarships have truly changed my academic and college experience for the better.... Having scholarship donors and selection committees choose me has helped me to realize all that I am capable of and reassures me that others can see my hard work. Scholarships drive me to keep going and strive hard, not only in academics, but in the community, too."

ACADEMIC EXPERIENCE:

"I consider my academic achievements twofold. I am very proud of the work I put in to get my 3.97 GPA, but academic achievement is more than a number, too.... I am working on my honors thesis. While this is still in progress, I consider it one of my greatest academic achievements because it was such a new experience."

FUTURE PLANS:

"Anything could happen in the next 10 years, and I am trying to embrace that. The one thing I see myself aiming for is continued education and experiences that help me to keep learning and growing as a person. Maybe that looks like grad school, or maybe that means living in a new place, but I hope to continue challenging myself to keep changing and learning as life allows me to."
