

Caroline Griffin

High school: Napanee District Secondary School

Hometown: Napanee, Canada

Majors: B.S. Sports Administration with a Sports Business Concentration

Activities: Field Hockey Team, SAAC Executive Board Member, "Apple" Team

Internships: Internship with Millersville Athletic Department, Wellness Tutor

Post-grad plans: My plan is to come back to Millersville this August and continue my education.

"Caroline was a delightful student to have in class. She was always engaged in the discussion and always had some great insight for the other students. It was a pleasure to see her progress in her academic as well as athletic career. From experience as an international student, I know it can be difficult to adjust to different norms and customs, and she seems to have navigated that well. I look forward to seeing her excel in her future professional career."

*– Dr. Gordon M. Nesbitt
Associate Professor of Wellness and Sport Sciences*

Why Millersville?

I chose Millersville University for two reasons. The first was the location. I really liked the proximity to many cities, but the campus is still being in a rural area. The second was the excellent field hockey program here. After speaking with the coach and a few of the players, I knew I would have a great experience.

Who helped you get to where you are now?

My coaches, professors, teammates, and friends.

Are you where you thought you'd be when you first came to campus?

I never thought I would be where I am today when I first came to campus. I have really grown as a person in a personal and professional way.

What surprised you?

I was surprised about how many people on the campus are willing to help students.

Peak experience?

My peak experience was meeting people from my classes and building relationships with my professors and teammates.

What will you miss the most?

I will miss the many hours I have spent on the field hockey field with my teammates.

Which one(s) of the EPPIIC values of Millersville do you most identify with? Or which of the values do you think best describes your time here at Millersville?

I believe that I have experienced all the EPPIIC values during my time here at Millersville. I experience inclusion daily, as many of my teammates are international students. As an international student, my differences have always been welcomed on this campus. I am very thankful for how welcoming the Millersville community is for myself and other international students.

Advice for the Class of 2028?

Try new things and join different organizations.
