## About Millersville University

Millersville University offers a world-class education—one where students can make the most of their potential, both academically and socially. International students enjoy studying at Millersville University because of the small college feel, personalized attention and access to many points of interest in the northeastern United States. The scenic, 250-acre campus has been named one of the safest college campuses in America by BestColleges.com, and is just minutes from the active and historic downtown Lancaster. The campus is about an hour away from Baltimore and Philadelphia and about three hours away from Washington D.C. and New York City, making the location ideal for students who want to explore the East Coast.

Students who choose Millersville are able to benefit from the resources of a large university while enjoying the support of a caring, residential learning community. With more than 130 student clubs and organizations on campus, students are able to find their place within the University community easily.

## Program Information

The English Language Institute (ELI) provides six levels of intensive English instruction designed to meet the academic needs of international students attending Millersville University. Full-time ELI students receive a minimum of 18 hours of English instruction and 4 hours of supervised language lab work per week. Through completion of core and elective courses at each level, students will develop the skills needed to be successful readers of academic material with increased fluency and understanding.

In addition to language and academic instruction, the ELI offers students several cultural events, outside of class activities and trips to local and regional attractions. Classes are taught by dedicated, experienced instructors trained in English as a Second Language instruction and holding a master's degree or higher. The personal and academic qualities of the instructors make each uniquely qualified to offer meaningful language-learning opportunities and to care deeply about their students.
