SUMMER 2019 Math and Chemistry Placement Testing Schedule

Math Placement Tests (the math placement test AND the basic skills test)

Except in exceptional circumstances, you must come to the Millersville University campus to complete math placement tests. There are several dates throughout the summer on which you may take the test(s). You do not need to register in order to take the test(s); just show up on the date you select. The math placement test (MPT) and the Basic Skills Test (BST) will be given at each of the testing sessions. It is recommended that you complete your testing by July 1 to aid in the development of your first semester schedule.
