1. Each student must take the relevant CCE at the end of the semester following the successful completion of each appropriate core course (i.e., January, May, August).

2. Passing all sections of the CCEs is required prior to beginning any assessment or selected therapy courses or for advancing to candidacy for the degree.

3. Students will be assigned code numbers. Names will not be used on your CCE responses. Faculty readers will not know the identity of any student’s exam.

4. Two faculty readers will grade each CCE on a pass/fail basis. Both must agree in order to fail a student on any CCE section.

5. If students fail one or more sections of the CCE, they must retake the failed section(s). Normally, this occurs at the end of the following semester; however, students can petition, in consultation with their advisor and the appropriate Graduate Program Coordinator, to delay retesting if remedial work is deemed necessary or advisable. In preparation for retesting, students should arrange meetings with faculty graders to review their answers and with other faculty teaching core courses to review concepts and receive other guidance in preparing to retake the CCEs. Failure to follow through with these recommendations may affect any subsequent decisions that the Graduate Committee has to make on the student’s disposition.

6. If all components of the Core Competency Examination are not passed the second time, students should submit a letter to the Graduate Committee (via the appropriate Graduate Program Coordinator and copied to their advisor) explaining the methods used to prepare for the CCEs and any other factors that may have contributed to the failure. The Graduate Committee will decide on the disposition of the student’s case. Students should be aware that one option is dismissal from the program. A third and final attempt may be allowed but only after an appropriate remedial plan has been developed and fully executed. This may involve retaking of the relevant core course.

7. According to the *Graduate Catalog* (p. 72): “Without special permission from the Graduate Program Coordinator, students will be limited to 27 credits prior to passage of all components of the CCE.” This also applies to psychology credits obtained prior to admission to the program.”

8. Students requiring a special accommodation due to a learning disability must first receive approval for this accommodation from the Millersville University Learning Services Center. Please inform Dr. Bland of your need for a special accommodation no later than *Friday, August 2, 2019*. If this process is not completed by the deadline date, the student will be required to take the CCEs without the desired accommodation.

CCE SCHEDULE

TIME AND LOCATION:
*All students should present to Osburn Hall, 3rd floor by 8:30AM* to register and receive testing instructions.

9:00 to 11:00AM (OSBURN 302-303): EXAM 1
11:30AM to 1:30PM (OSBURN 302-303): EXAM 2
2:00 to 4:00PM (OSBURN 302-303): EXAM 3

For students taking all three exams, they will be administered in this order: 1. Developmental; 2. Research/Statistics; 3. Psychopathology (Clinical) or Seminar (School).

Students sitting for only one or two exams will complete the needed exams in the order above minus the exam(s) already taken. For example, if you are taking only Research/Stats or Psychopathology, you will complete it at 9AM and are free to leave thereafter. If you are taking Research/Stats and Psychopathology but not Developmental, you will complete Research/Stats at 9AM and Psychopathology at 11:30AM and then leave. If you are taking Developmental and Psychopathology but not Research/Stats, you will complete Developmental at 9AM and Psychopathology at 11:30AM and then leave.

Additional instructions will be provided the morning of the exam.

Consider bringing a snack and/or lunch to refresh yourself between exams.

**FORMAT FOR HANDWRITTEN ANSWERS**

The student will handwrite the essay, and a copy will be made thereafter. The Psychology Department will keep the original, and the student will take the copy with him/her/them to prepare a typed copy. The typed copy must be an exact replica of the original. (Failure to submit the exact replica will result in disqualification.) Any inaccurate word should be typed exactly the way it was on the original exam. However, if a word is crossed out and a correction is made in the original, only the corrected word is needed in the typed copy. Students will e-mail the typed essay(s) to Dr. Bland, CCE Coordinator (Andrew.Bland@millersville.edu) **by noon on Monday, August 12, 2019**.

The exam is taken closed book, and all writing materials (paper and/or carbon paper), with the exception of pens, will be provided by the Psychology Department.

**FORMAT FOR TAKING THE EXAM BY COMPUTER**

Knowledge of and skills in the use of Microsoft Word are essential.

AN IMPORTANT REMINDER:

There is a limitation on the number of times a student is allowed to take the CCE.

1. Each student is allowed to take any part of the Exam up to two times.
   NOTE: Even if student may decide not to turn in the answer, it will still count as one trial, as long as the student receives the question. If all components of the CCE are not passed the second time, a special sub-committee of the Graduate faculty will decide on the disposition of the student's case. Students should be aware that one option is dismissal from the program. Students will be limited to 27 credits prior to passage of all components of the CCE.

2. Upon successful completion of the CCE, the Graduate Committee will meet and determine if you are qualified for Advancement to Degree Candidacy.
