Sexual Misconduct Policy

This policy statement describes the University’s position regarding sexual misconduct as well as sex- and gender-based discrimination involving students and outlines the procedures to be followed when reporting complaints of sexual misconduct. Following these procedures we will work to assure that a prompt, adequate, reliable and impartial investigation is undertaken by the University. The goal of this policy is to prevent sex- and gender-based discrimination and sexual misconduct and effectively remedy the discriminatory effect of sexual misconduct when it occurs.

PURPOSE

The purpose of this Sexual Misconduct Policy is to:

1. Educate the campus community about shared values and expectations regarding sexual behavior;
2. Define sexual misconduct as a range of behaviors prohibited by this policy the University’s Student Code of Conduct and other University policies;
3. Clarify the difference between the criminal process that might be initiated with local police and the procedures for addressing reports of sexual misconduct violations under the University’s Student Code of Conduct;
4. Describe the rights of those who report violations and those who are accused of violating the Sexual Misconduct Policy;
5. Provide guidance on what a person should do if they have been subjected to sexual misconduct or sexual discrimination;
6. Communicate University procedures regarding the rights of complainants and the respondent;
7. Ensure compliance with appropriate state and federal regulations, including Title IX and the Jeanne Clery Act; and
8. Identify campus and community resources for those who wish to report sexual misconduct and for students who have been accused of sexual misconduct.

Complaints of sexual assault, sexual violence, sexual harassment, relationship violence as defined later in the policy, and other sex- and gender-based discrimination or harassment are processed consistent with this policy and the [Student Code of Conduct](#).

The protections afforded under Title IX apply regardless of a person’s gender identity or sexual orientation.

The University is committed to protecting free expression and principles of academic freedom. As such, legally protected expression and the proper exercise of academic freedom will not constitute unlawful discrimination or harassment.

The policy and procedures addressed here are in addition to, and not a replacement for, any legal options that may be available. If an individual believes they may have been a victim of a crime involving sexual misconduct they may choose to initiate the criminal process, which is separate from the administrative proceedings set forth in the University’s policies and procedures. Those interested in pursuing a criminal investigation should contact Millersville University Police (717) 871-4357 or dial 911 for the local police.

**SCOPE**

This policy and procedure applies to and covers all areas of University operations, programs, sites, and includes the conduct of employees, students, visitors/third parties, and applicants. This policy and procedure covers all University programs and activities that occur on the main campus, branch campus, online, or any facility geographically separated from the main campus wherein University employees, students, visitors/third parties, and applicants are conducting activities affiliated with the University.

Any individual may contact the Title IX Coordinator directly for informal discussion, advice and assistance regarding matters of sexual misconduct. If a complainant of sexual misconduct involves a student and a member of the faculty or University staff the investigation will be conducted by the Executive Director of Human Resources or an assigned designee. The Title IX Coordinator will be advised of such complaints and will be routinely apprised of the status of any investigation. The Title IX Coordinator may provide guidance on all issues relevant to compliance with Title IX.

Members of the Millersville University Community are expected to adhere to University policies, as well as local, state and federal laws. Accordingly, this policy applies to all campus constituents, including students, faculty, staff, volunteers, guests and vendors. This policy will also be applicable to third parties who participate in University-sponsored activities, such as students from another college or university, off-campus personnel involved in an internship or co-op program, or a host or personnel at a study abroad program. Any complaint of sexual misconduct that is received, regardless of where the conduct occurred, will be assessed to determine if the act happened in the context of an educational program or activity or potentially has an adverse impact on the campus community. Sexual misconduct that arises within an educational program or activity or has an adverse impact on the campus community may be addressed by this policy, the Student Code of Conduct, or any other relevant University policy.
DEFINITIONS

Sexual Misconduct includes, but is not limited to, the following prohibited behaviors:

- Sexual Assault
- Sexual Exploitation
- Sexual Harassment
- Relationship Violence
- Dating Violence
- Domestic Violence
- Stalking

For further information on what constitutes sexual misconduct please refer to Section B of the Student Code of Conduct.

Consent is clear, knowing, voluntary and expressed prior to engaging in and during an act. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

- Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
- Consent can be withdrawn at any time.
- Previous relationships or prior consent cannot imply consent to future sexual acts.
- In order to give effective consent, one must be of legal age.
- In order to give effective consent, one must not be incapacitated.

Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction). This definition also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the use of alcohol or drugs. Sexual activity with someone who one should know to be– or based on the circumstances should reasonably have known to be– mentally or physically incapacitated constitutes sexual misconduct under this code.

Sexual Harassment consists of interaction between individuals that is characterized by unwelcome sexual advances, coercion, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment, living conditions, educational evaluation, and/or educational activity; or
2. Submission to or rejection of such conduct by an individual is used as the basis for tangible employment or educational decisions affecting such individual; or
3. Such conduct has the effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile or offensive working or educational environment.

Sexual Harassment as described in elements (1) and (2) are known as ‘quid pro quo’ which typically arises when a person has authority over another. Sexual Harassment as referenced in element (3), is also referred to a hostile work or educational environment harassment.

Unwelcome conduct of a sexual nature that is sufficiently severe, persistent, and pervasive, and which results in substantially limiting or interfering with an individual’s work, educational performance, participation in extra-curricular activities, or equal access to the University’s educational resources and opportunities will subject an individual to appropriate disciplinary action by the University.

Sexual Assault is consistent with Sexual Offenses Section of the Pennsylvania Crimes Code, 18 Pa.C.S. Chapter 31 and is defined as a person engaging in sexual intercourse without the person’s consent.

Non-consensual sexual intercourse is having or attempting to have sexual intercourse with another individual without consent. Sexual intercourse includes vaginal or anal penetration, however slight, with a body part or an object, or oral penetration by mouth-to-genital contact.

Non-consensual sexual contact is any intentional sexual touching (including touching with an object) however slight, by one person on another without consent.
**Sexual Exploitation and/or Exposure** is when an individual takes non-consensual, unjust or abusive sexual advantage of another for the individual's own pleasure, advantage or benefit, or to pleasure, benefit or advantage anyone other than the one being exploited. Sexual exposure occurs when an individual engages in lewd exposure of the body done with the intent to arouse or satisfy the sexual desire of any person.

Examples of sexual exploitation include, but are not limited to:
- Non-consensual video, photographing, or audio-taping of sexual activity;
- Non-consensual distribution of a video, photograph, or sound recording of sexual activity;
- Non-consensual photographing of a nude person; or
- Non-consensual distribution of a photograph of a nude person.

**Relationship Violence** refers to both dating violence and domestic violence. All acts of relationship violence are forms of sexual misconduct under this policy.

**Dating Violence** is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and the existence of such relationship shall be determined based on a consideration of the following factors: (1) the length of the relationship; (2) the type of relationship; (3) the frequency of interaction between the persons involved in the relationship.

Dating Violence can include:
- Physical assault;
- Verbal abuse;
- Controlling behavior;
- Sexual abuse; or
- Psychological abuse.

**Domestic Violence:** Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is living with or has lived with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

Domestic Violence can include:
- Physical assault;
- Verbal abuse;
- Controlling behavior;
- Sexual abuse; or
- Psychological abuse.

**Stalking** is engaging in a pattern of conduct directed at a specific person that would cause a reasonable person to: (1) fear for the person’s safety or the safety of others; or (2) suffer substantial emotional distress.

Stalking is, but not limited to:
- Unwanted telephone calls;
- Unwanted letters, e-mails, social media messages (e.g. Twitter, Facebook,) or other forms of communication/messaging;
- Pursuing or following a person without the person’s consent;
- Unwanted appearances at a person’s place of residence, activity, or work;
- Surveillance or other types of observation; or
- Use of electronic devices or software to track or obtain private information.
Cyberstalking is a form of stalking where a person engages in a course of conduct using the internet, e-mail, or other electronic communications devices to pursue or track another person that would cause a reasonable person to fear for the person’s safety or the safety of others or suffer substantial emotional distress.

Complaint/Incident Report is a detailed written statement of allegations of unlawful or prohibited sexual misconduct. Complaints submitted electronically or in writing are permissible under these procedures.

Complainant is a person who experiences the alleged sexual misconduct.

Reporting Party is an individual, i.e., complainant, student, employee, administrator, applicant, person, or visitor, who makes an allegation that sexual misconduct has occurred.

Investigation is a prompt, effective, reliable, impartial and systematic collection of all reasonably ascertainable and relevant facts in a fair and objective manner. Assigned investigators conduct an investigation, including investigatory interviews of witnesses, the employee or student making the complaint and the employee or student respondent. The Investigative Team prepares an investigative fact-finding report at the conclusion of the investigation.

Mediation is a voluntary, informal resolution process in which the parties in a dispute agree to work through and resolve the dispute with the assistance of a neutral, third-party mediator(s).

Respondent is the individual against whom allegations of sexual misconduct or retaliation are made.

Retaliation occurs when a student or employee is subjected to adverse action in response to that individual expressing concern about sexual misconduct or participating in the opposition or resolution of a complaint involving sexual misconduct.

Sexual Misconduct Response Team convenes when a report of sexual misconduct is received and requires a coordinated response. The report will be referred to a Sexual Misconduct Response Team (“SMRT”) to ensure consistent application of this Policy and Procedures to all individuals and allow the University to respond promptly and equitably to eliminate harassment, prevent its recurrence and remedy its effects. Members of the Sexual Misconduct Response Team may include:

- The Title IX Coordinator (facilitator)
- Deputy Title IX Coordinator
- A member of the University Police Department
- Vice President for Student Affairs and Enrollment Management (or other University administrators deemed necessary depending on the circumstances).

GENERAL OBLIGATION TO REPORT

Reporting Duties and Responsibilities
Any individual (e.g., person, visitor, student, faculty, staff, administrator, or applicant) who is made aware of an incident or receives a report of sexual misconduct should immediately refer the person to the Title IX Coordinator or any of the Deputy Title IX Coordinators listed in page one of this document. An online reporting form can be found at: www.millersville.edu/judicialaffairs. All initial reports of sexual misconduct will be reviewed by the Title IX Coordinator or the Executive Director of Human Resources. The Title IX Coordinator is available to assist a complainant in the filing of a sexual misconduct complaint with the Executive Director of Human Resources, or the Director of Student Conduct and Community Standards depending on the parties involved. In addition the Title IX Coordinator will work with the Executive Director of Human Resources and other relevant University personnel in determining whether appropriate measures need to be provided during the investigation of a Title IX complaint.
Supervisor/Manager Obligation to Report
Any University supervisor/manager who witnesses or receives a written or oral complaint of sexual misconduct is required to promptly report it to the Title IX Coordinator, the Executive Director of Human Resources or the Director of Student Conduct and Community Standards. A failure to report sexual misconduct or retaliatory activities may constitute a policy violation. This requirement does not obligate a supervisor to keep certain communications confidential as mandated by law.

Any individual receiving a report of sexual misconduct is required to contact the Title IX Coordinator, Executive Director of Human Resources, supervisor or other designated employee listed in the University Resources section of this policy. If the individual is a supervisor or other designated resource person, that individual shall in turn ensure prompt notification to the Title IX Coordinator. If the individual to whom the sexual misconduct normally would be reported is the individual accused of the sexual misconduct, complaints should be referred to the Title IX Coordinator. Any complaint involving the Title IX Coordinator should be referred to the Vice President of Student Affairs and Enrollment Management.

Confidentiality
Good faith efforts shall be made, to the extent possible, to protect the privacy of those involved in the filing and the investigation of a complaint. The University, however, is not able to guarantee absolute confidentiality because it is obligated to take appropriate steps to mitigate the effects of alleged sexual misconduct, prevent it’s recurrence and, if need be, take interim measures for the student(s) and employee(s) involved. In recognition of the dignity and reputation of all individuals, the University’s intent is to preserve the confidentiality of the complaint during its investigation. Disclosure of the complaint will be limited to individuals who, in the interest of fairness and resolution, are involved in the investigation. The University will take reasonable measures to protect the confidentiality of the testimony and records produced during an investigation conducted pursuant to this policy. The complainant and respondent are strongly encouraged to maintain confidentiality. The following steps should be taken to help assure confidentiality:

- The number of persons with knowledge of the complaint shall be kept to a minimum;
- Only persons with a need to know shall be notified of the complaint; The Director of Student Conduct and Community Standards or the Executive Director of Human Resources shall exercise discretion in the setting of dates and locations of interviews, and the placing of, and responding to, telephone calls and written correspondence related to the complaint; and
- An investigator(s) will interview the complainant, the respondent and individuals named as witnesses by the complainant and respondent to the extent possible.

If a person reports an allegation of sexual misconduct to the Title IX Coordinator or other University official, but indicates that the person does not want the Title IX Coordinator to initiate an investigation of the matter, the person should be advised that the University may not be able to honor such a request and keep the matter confidential. The University’s obligations under Title IX relate to the entire campus community. As such, the University in certain circumstances may need to initiate an investigation of a matter in order to protect the health, safety and welfare of the campus community.

Based on the circumstance, the University may be obligated to investigate an allegation of sexual misconduct when it is reported. The Title IX Coordinator and the appropriate University administrators will evaluate whether:

- The respondent is likely to commit additional acts of sexual or other violence;
- There have been other sexual misconduct complaints about the same respondent;
- The respondent has a history of arrests or incidents from a prior university indicating a history of violence;
- The respondent threatened further sexual misconduct or other violence against the complainant or others;
- Multiple respondents committed the sexual misconduct;
- The sexual misconduct involved the use of a weapon;
• The complainant is a minor;
• The respondent is a Millersville University employee;
• The University possesses other means to investigate the sexual misconduct (e.g., security cameras or physical evidence); or
• The complainant’s report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular person or group.

In such circumstances the University reserves the right to take appropriate action even if the complainant is reluctant to proceed.

Resources to discuss sexual misconduct issues on a confidential basis are available to potential complainants. Some of these resources are listed in the Campus and Community Resource section of this policy, with a few listed below. After consulting with a confidential resource, a potential complainant may decide to not file a complaint under this policy at the person’s discretion. Seeking advice from a confidential resource does not constitute reporting an incident of misconduct.

**On Campus Confidential Resources**
- Center for Counseling and Human Development (Lyle Hall, 3rd floor). 717-871-7821
- Health Services (Witmer Building). 717-871-5250

**Community Confidential Resources**
- Domestic Violence Services of Lancaster County. 717-299-1249
- YWCA Sexual Assault Prevention and Counseling Center 717-392-7273

**GENERAL COMPLAINT PROVISIONS**

**Assistance for Complainants and Respondents**
It is the University’s policy to recognize and respect the rights of any individual against whom a complaint has been filed. All students and employees maintain the right to procedural due process which includes notice of the charges and the opportunity to be heard. If applicable, employees accused of sexual misconduct shall have the right to be assisted by their collective bargaining unit representative at any meeting held to discuss the complaint. In the case of students, both the complainant and a respondent have the right to be assisted by an advocate.

**False Accusations**
Sexual misconduct is a serious matter that can impact and have far-reaching effects on the education, careers and lives of all individuals involved. Therefore, knowingly making a material false statement may also result in corrective or disciplinary action.

Individuals who believe that they have been the subject of a false complaint of sexual misconduct may meet with the Title IX Coordinator or the Executive Director of Human Resources to discuss the allegations. The filing of a complaint that results in a finding of no policy violation is not sufficient evidence of the intent to file a false complaint.

**Retaliation**
The University prohibits retaliation against individuals who, in good faith, assert their rights protected under Title IX. Retaliation against any person for reporting or complaining of sexual misconduct, assisting or participating in the investigation of a complaint of sexual misconduct, or enforcing University policies with respect to sexual misconduct is strictly prohibited. Overt or covert acts of reprisal, interference, restraint, discrimination, intimidation, or harassment against an individual or group for exercising rights or performing duties under these procedures will be subject to appropriate and prompt corrective or disciplinary action.
No person shall physically harm or exhibit threatening, intimidating, or harassing conduct toward any party or witness involved in a sexual conduct case, or cause damage to the person’s property, with the intent of influencing the outcome of the case or for retaliatory reasons.

Retaliation, if found to have occurred, is considered an offense separate from the original complaint of sexual misconduct and will be considered independently from the underlying complaint. Individuals who believe they have been subjected to retaliation should report the conduct to the Title IX Coordinator or Executive Director of Human Resources as promptly as possible.

**INFORMAL AND FORMAL COMPLAINT PROCESS**

**Pre-Complaint Review**
The purpose of the pre-complaint review is to provide an individual an opportunity to discuss with the Title IX Coordinator or the Executive Director of Human Resources privately, the specifics of the complaint and to receive guidance and information on the administrative procedures followed by the University in the event a complaint is to be filed. Complaints filed pursuant to these procedures will be addressed and resolved as promptly and as practicable after the complaint is made.

**Informal Resolution Process**
Informal review and consultative processes can be highly desirable means for resolving discrimination or harassment complaints. The purpose of informal complaint resolution is to encourage the reporting of sexual harassment and discrimination complaints and to facilitate satisfactory resolution of the complaint. A complainant may choose to end the informal process and choose to proceed with the formal complaint resolution process anytime during the informal review process.

In some cases, a formal investigation may be appropriate and must be pursued to assure compliance with Title IX requirements and to afford procedural due process to all parties involved. The determination as to whether to initiate the formal process will be made by the Director of Student Conduct and Community Standards or the Executive Director of Human Resources.

If the complainant decides to proceed with the informal process, the respondent may be told of the identity of the complainant at this stage.

**Formal Resolution Process**
The most efficient way to report sexual misconduct and initiate the university’s investigation processes is by filling out the form located at the following link: [www.millersville.edu/judicialaffairs](http://www.millersville.edu/judicialaffairs).

A student may also choose to contact the Title IX Coordinator or Deputy Title IX Coordinator at (717) 871-4100.

The formal process of investigating and adjudicating a sexual misconduct complaint will proceed in a timely manner consistent with the complexity and the severity of the matter. Complaints are typically investigated and scheduled for a hearing within sixty (60) calendar days of the initial decision to move forward with the formal resolution process unless extenuating circumstances requires an extension of time. Extenuating circumstances, which are defined as events that will compromise the process unless an extension is given may vary depending on the complexity of the investigation and the severity and extent of the alleged conduct. Any departure from timeframes that are designated in this Policy, will be communicated to both parties through periodic updates. Upon completion of the investigation a hearing will be scheduled within twenty (20) business days. A decision is typically issued within five (5) business days.

Hearing decisions and penalties imposed shall be provided to the respondent or student organization in writing and shall include information about the student’s rights to an appeal hearing. Complainants of sexual misconduct violations shall also be notified of hearing decisions and their rights to appeal in accordance with FERPA requirements and Title IX guidelines. For further information please refer to the [Student Code of Conduct](#).
Administrative Fact Finding Involving Student On Student Incidents

Upon the report of an alleged sexual misconduct violence, the Sexual Misconduct Response Team will meet to make an initial assessment of the reported information and respond to any immediate health or safety concerns raised by the report. In the course of this assessment, the University will consider the interest of the complainant and the complainant’s expressed preference for manner of resolution: 1) Administrative Fact Finding; 2) Voluntary Resolution or 3) Not moving forward. Where possible and supported by an assessment of the facts and circumstances, the University will seek action consistent with the complainant’s request. If the complainant request to move forward with the formal resolution process, or by virtue of the nature of the complaint, then the administrative fact finding process will occur. The Administrative Fact Finding is a process which will include interviews of the complainant, the respondent, and any witnesses. Included in the Fact Finding Report will be a summary of the allegation, a list of university policies that may have been violated and a synthesis of the facts outlining what questions remain and elements that are in dispute or in agreement. Respondents and Complainants will be informed of the outcome of the Administrative Fact Finding process. If policy allegations have been substantiated the Administrative Fact Finding Report will be submitted to the Director of Student Conduct and Community Standards and the Student Conduct and Community Standards Title IX Panel for an Administrative Hearing.

Administrative Hearing Procedures Involving Student On Student Incidents

It is important to note that our campus disciplinary process is not a criminal trial. It is a University proceeding designed to hold students responsible for their role in violations of the Student Code of Conduct.

Like in all other Administrative Hearings, the University will apply a “preponderance of the evidence” standard in determining whether a violation of the student code of conduct occurred in cases of alleged sexual misconduct. A preponderance of the evidence standard simply means that it is “more likely than not” that a violation occurred. This is in contrast to “beyond a reasonable doubt,” which is the higher standard of proof required for a conviction in a criminal trial. In addition, the University has chosen to utilize an investigation model for resolving sexual misconduct complaints. The investigation model is non-adversarial and minimizes re-victimization by discouraging interaction between the complainant and respondent. Investigations are conducted with all involved parties separately. Pertinent notes are synthesized and compiled into a Fact Finding Report. If a Code of Conduct violation is prevalent in the Administrative Fact Finding report, the respondent will be afforded an administrative hearing by the Student Conduct and Community Standards Title IX Panel.

Appeals In Title IX Sexual Misconduct Cases Involving Student On Student Incidents

A student may appeal the Title IX Hearing Panel decision in Title IX sexual misconduct cases in writing to the Vice President for Student Affairs and Enrollment Management or designee within five (5) business days following the decision. The Vice President for Student Affairs and Enrollment Management or a designee will review the appeal and render a decision.

Appeals to the Vice President for Student Affairs and Enrollment Management or their designee must be based on one or more of the following:

a. Alleged violations of hearing procedures.
b. New information pertaining to the case that was not available at the time of the hearing that may substantially change the decision.
c. Sanctions imposed were arbitrary or capricious for the violation of the Student Code of Conduct.

The Vice President for Student Affairs and Enrollment Management or designee will review the existing record and may:
a. Uphold the findings and sanctions.
b. Modify some or all of the findings and sanctions.
c. Reverse all of the findings of the Administrative Hearing decision.
d. Order a new hearing

The decision rendered by the Vice President for Student Affairs and Enrollment Management or designee is final.

For further information on the University's investigatory process for student on student incidents and what constitutes sexual misconduct, please refer to Section E of the Student Code of Conduct:
http://www.millersville.edu/services/judicialaffairs/files/studentcodeofconduct.pdf

**FILING A COMPLAINT THAT INVOLVES UNIVERSITY EMPLOYEES**

To initiate a complaint, the complainant may:
1. Contact the Executive Director of Human Resources to discuss the complaint or may
2. Submit a completed and signed statement to the Executive Director of Human Resources. The statement should be able to document the timeframe of the alleged offense(s) with a detailed description related to the incident(s), name(s) of accused (respondent), witnesses and any pertinent documentation about the complaint.

**Notification Involving University Employees**

Employee respondents will be notified about the receipt of a complaint according to their respective Collective Bargaining Agreements (CBA) (Represented Employees), Policy 1983-01 Merit Principles Non-represented Managers), or Policy 1984-14 A: Terms and Conditions of Employment of Senior Policy Executives (Administrators).

Complainants will be notified as appropriate during the investigation process.

**Investigation Involving University Employees**

Upon notification of an alleged sexual misconduct violation involving a university employee, the Executive Director of Human Resources will lead an Administrative Fact Finding process. This process will include interviews of the complainant, the respondent and any witnesses. Employee investigations will proceed in accordance respective Collective Bargaining Agreements (CBA) (Represented Employees), Policy 1983-01 Merit Principles (Non-represented Managers), or Policy 1984-14 A: Terms and Conditions of Employment of Senior Policy Executives (Administrators). Complainants will receive a notice of outcome once the entire investigation process is concluded.

**SUSPENSION OR WITHDRAWAL OF COMPLAINTS**

The University may suspend its investigation at any stage if the Director of Student Conduct and Community Standards or the Executive Director of Human Resources receives a written resolution of the complaint agreed to by both the complainant and respondent.

A complaint may be withdrawn at any time upon receipt of a written request from the complainant. The respondent will be notified of the withdrawal of the complaint. If a complainant files a complaint with an external law enforcement agency or state or federal court, the Investigative Team may continue to simultaneously investigate. In certain circumstances as requested to accommodate state and /or federal requirements the Investigative may suspend the processing of the complaint internally and defer the complaint to the appropriate state or federal agency or court allowing the agency to gather evidence. Upon completion of this process the Investigative Team will complete the investigation.
REPORTING

Anonymous Reporting
Anonymous reports of sex or gender-based discriminations may be submitted by clicking here.

Confidentiality
Reporting parties have the option to request that the University maintains their confidentiality or that the complaint not be pursued. The University will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality, but may need to proceed when necessary.

Amnesty for Complainants and Witnesses
During the process of investigating a report of sexual misconduct, other violations of the Code of Conduct may be found to have been committed. The Millersville community encourages the reporting of misconduct and crimes by reporting parties and witnesses. Sometimes complainants or witnesses are hesitant to report to university officials because they fear that they, themselves, may be accused of a policy violation such as underage drinking at the time of the incident. It is in the best interest of the University community that individuals of this community report to university officials and that witnesses come forward to share what they know. To encourage this culture of reporting, the university pursues a policy of offering complainants and witness’s amnesty from minor policy violations related to a sexual misconduct incident.

Report to the Police
Every individual reporting sexual misconduct to the University, also has the option to report to Millersville University Police Department or the local police department; who to report to is contingent upon jurisdiction. It is the reporting party’s decision to participate in the University process, a criminal process, both or neither. Law enforcement agencies investigate criminal behavior and do not investigate potential violations of Title IX. These two are separate and distinct processes. However, investigations conducted by the University under the sexual misconduct policy may coincide with law enforcement investigations due to the same conduct. At the request of law enforcement, the University investigation may be delayed temporarily while law enforcement is gathering evidence. The investigator will promptly resume the University investigation when notified that law enforcement has completed the evidence-gathering stage of its criminal investigation.

PREVENTION AND EDUCATION

The prevention of discrimination, harassment, retaliation and the establishment of effective procedures with due concern for everyone involved requires a comprehensive educational plan. The University provides information concerning; a) definitions of harassment, discrimination, and retaliation; b) examples of incidents of discrimination or harassment; c) sources of support and information for complainants and respondents; and d) mediation and resolution resources. Faculty, staff, administrators and students must share joint responsibility for creating and maintaining an environment free from discrimination and harassment; therefore, the University provides an online harassment prevention tutorial. Vice Presidents, Deans, Directors, Managers/Supervisors and/or Department Chairs are required to discuss these procedures and issues with students, faculty and staff annually.
