

CANCELLATION OF 2020 SUMMER SCIENCE TRAINING PROGRAM

Given the uncertainty surrounding the length of time it will take the coronavirus (COVID-19) epidemic to recede, the University has determined that all instruction and co-curricular activities in Summer Sessions 1, 2, and 3, will be offered only through distance and/or remote learning (no in-person instruction). Therefore, we have made the difficult decision to cancel the 2020 Summer Science Training Program (SSTP), which was to be held on the Millersville University campus in July. Unfortunately, we will be unable to reschedule the program for this year.

To receive reimbursement, you may email the Student Services, Inc. ticket office at ticketsales@ssi.millersville.edu or call 717-871-7600. Office staff are checking emails and office voicemail daily during the week. Refunds will be processed back to their original point of purchase and will take 5-10 business days.

We understand that this is disappointing, and thank you for your understanding and support of this very important program. We hope that your child will be able to participate in the future.

Sincerely,

Dr. Ryan Wagner
Professors of Biology
Summer Science Training Program Coordinators

Dr. Joel B. Piperberg
