Please note that Millersville University is using the same criteria in this evaluation for the domains of Planning, Classroom Environment, and Instruction that are used for practicing teachers in the Pennsylvania Department of Education Educator Effectiveness system. Distinguished is a goal to strive for, but is not available for rating since distinguished is not a level that student teachers can potentially demonstrate. Additionally, the Professionalism domain in this evaluation uses criteria that are more specific to student teaching than those used in the PDE teacher evaluation for in-service teachers.

**Unsatisfactory:** The teacher candidate does not meet performance expectations required for teaching.

**Basic:** The teacher candidate is performing at the basic level and is demonstrating partially proficient professional practices at this point in the clinical experience.

**Proficient:** The teacher candidate’s performance is substantially demonstrated at this point in the clinical experience.

Please use the full rubric for the specific criteria associated with each component.
