# About the MU Tutoring

The **MU Tutoring Center** is located on the third floor of Lyle Hall and is responsible for coordinating tutoring services at no cost to all Millersville University students. The Center arranges tutoring for courses offered by the Schools of Humanities & Social Sciences, Science & Math, and a limited selection from the School of Education. A division of the **Office of Learning Services**, the Tutoring Center also offers workshops on study skills, note-taking, time management, critical thinking, and organizational skills. Graduate assistants and student workers help coordinate individual and group tutoring.

**MU Tutors are students** (undergraduate & graduate) who have received a B+ or better in the courses they tutor. Tutors receive professor recommendations regarding their suitability as tutors. Tutors have the opportunity to receive training from the Tutoring Center to receive **International Tutor Certification** that will improve technique and build more efficient connections with their tutees.
